**Agenda Item No. 3, Water District 65 Rental Pool Rule Change**

Mr. Brian Patton deferred this item to Mr. Vince Alberdi, Chair of the Water Supply Bank Committee (Committee). Mr. Alberdi briefed the Board on the Committee discussion on questions regarding WD65 rental pool procedures and the price of renting water from the rental pool. In regards to Idaho Power’s proposed rental rate of $8.50 per acre foot, the Committee and WD65 recommended the rate would be acceptable since the water would likely be released without any financial gain if it was not rented. The Committee recommended to the IWRB to accept the proposed WD65 rule change to rent storage water to Idaho Power for power production purposes. Mr. Ron Shurtleff, WD65 Watermaster, clarified that in a typical year the water would be released without gain, however with the current weather pattern and lack of precipitation, it is unclear whether this excess water will
be released. The WD65 is asking for the paperwork to be put into place as an option but will retain flexibility in their contract with Idaho Power for not releasing water, or not as much water, dependent on weather conditions.

Mr. Jon Bowling, Idaho Power, commented that they are looking to have a decision around the second week of January so they can move forward with their processes and requirements.

It was clarified that the Board would be authorizing WD65 to make a temporary change to the WD65 rental pool rules. WD65 would be responsible for including any necessary language in their contract with Idaho Power. Mr. Leonard Beck noted that the resolution referred to 2011 in several places and asked for clarification whether the contract would have to be in place by December 31, 2011, and if it was not would the resolution would be null and void? Mr. Patton responded that the water needs to be accounted for in 2011, but it would not have to be released in 2011. There would be potential for a contingent contract with water accounted for in 2011 but actually released in 2012, and if the water does not materialize, it would not be released.

Mr. Shurtleff clarified that WD65 water can be released as late as March without having to make a change to the rules.

Mr. Matt Howard, USBR, stated that all three rental pools have deadlines of when water needs to be counted for the accounting year. WD01 is December 31, WD63 is October 31, and WD65 rules are silent in this matter but historically WD65 has been flexible. He also stated this may be a rule that will be clarified in future amendments to WD65 rules. Currently, WD65 rules state that if the water is not used by March 1, the water goes back.

Mr. Alberdi made a motion to accept the resolution to accept Addendum 1-1 to Water District No. 65 Rental Pool Procedures as written. Mr. Beck seconded the motion.

Roll Call Vote: Mr. Alberdi: Aye; Mr. Chase: Aye; Mr. Beck: Aye; Mr. Raybould: Aye; Mr. Van Der Meulen: Aye; Mr. Graham: Absent; Mr. Uhling: Absent; Mr. Cuddy: Absent. Motion carried.

Agenda Item No. 4, Other Items IWRB Members May Wish to Present
