Thank you for taking the time to read this.

We have property on Springcreek, this is a Federal creek and we cannot get a septic permit to build a home by it.

I was told by my wife's family it was a main waterway for recharging the wells and going in the ground and coming out in the Snake River. Both sets of my in-laws moved into this area in the late 1900's. Alvin Wheeler told me there was great fishing and everyone use to swim swim in. And one day someone put a hedgegate in and shut the water off from coming down it.

Sorry for my writing - due to Arthritis
I can not hold a pen.
