)
 (Clear Springs Delivery Call))
)

COME NOW, the Idaho Department of Water Resources and Interim Director Gary Spackman (collectively referred to herein as the “Department”), Respondents, and move in this Court pursuant to Idaho Appellate Rule 30, for an order augmenting the appellate record in the above-entitled appeal with:

Exhibit 424 – Geologic Map and Profiles of the North Wall of the Snake River Canyon, Thousand Springs and Niagara Spring Quadrangles, Idaho.

GROUND FOR MOTION

It was recently discovered that the Exhibit 424 contained within the agency record and provided to the Court was incomplete. Exhibit 424 is a large geographic map; however, the exhibit provided was only a copy of the envelope containing the map. In order for the Court to have a complete record on appeal, the attached map (and enclosed CD) should be identified as

Exhibit 424 and included as part of the record. Therefore, the Department respectfully requests that the Court grant its Motion to Augment.

Dated this 14th day of April, 2010.

LAWRENCE G. WASDEN
Attorney General
CLIVE J. STRONG
Deputy Attorney General
Chief, Natural Resources Division

CHRIS M. BROMLEY
Deputy Attorney General
Idaho Department of Water Resources

and Giddings is studying what exactly happened at the time of the attack, including the possibility of a specific chemical being used. He also wants to know whether the attack was planned or if it was a spontaneous reaction. "We're looking at the evidence and trying to figure out what happened," he says. "We're not trying to figure out who did it."
