Good Morning,

Just wanted to give you a status update on 42-233(B). I'm not sure when/how the Speaker plans to get this legislation introduced. However, there is a chance he may need someone to discuss it at the Legislature when I'm out of town on Spring Break. I was hoping one of the two of you could speak to it if needed. I will be out of the office and the state on annual leave the week of March 21.

Garrick and I presented this to IWUA's legislative committee on 2/4/16. IWUA's legislative committee voted unanimously to support.

Cheers,

**Mathew Weaver, PE**

Hi, Mat ...

Bet you thought I forgot about you! Not to worry. I just finally had an opportunity to ask the Speaker about RS24506, the one dealing with Groundwater Management Areas. He says we are just sitting on it for now. Didn't give me any further details ... but sounds like we just need to hold it for the time being.

Thanks ... sorry it's taken me a few days to let you know.
