Re: AA-WRA-2021-001; Basin 37

Dear Tim,

Please accept this letter as notice from me of my wish and intent to participate in the above-referenced administrative procedures related to the notices sent by e-mail May 4 & 7, 2021 to Basin 37 water rights holders. The pre-hearing and hearing concern the possible curtailment of groundwater pumping due to drought conditions affecting water supply in Basin 37 this year. I ask that you please ensure I have the information timely needed to be able to participate via phone or internet-based teleconference, rather than in person. Hopefully, this letter includes all the information you need from me relative to the hearings at this time.

Thank you, Tim for all your time and effort pertaining to these ongoing matters. I know our processes thus far have been neither easy nor simple.

With kind regards,

  
Lawrence Schoen
