You are receiving this email because you have submitted a Notice of Intent to Participate in the Basin 37 Administrative Proceeding before the Idaho Department of Water Resources (IDWR). IDWR has been updating the Basin 37 webpage (<https://idwr.idaho.gov/legal-actions/administrative-actions/basin-37.html>) with all of the documents filed in the proceeding. Of note is the Director's *Request for Staff Memorandum* filed May 11 and the responsive staff memos filed May 17. You may visit the webpage for future updates to the proceeding. However, after the pre-hearing conference, filings will be served to all participants personally. Please contact me if you have any questions.
