Subject: Basin 37 Public Records Request Ready for View
Attachments: SFTP-Server-Instructions-PUBLIC.pdf

Hello,

On 05/20/21, the Idaho Department of Water Resources (IDWR) received South Valley Ground Water District's public records request regarding the Basin 37 Administrative Proceeding.

Records responsive to this request were uploaded to a Secure File Transfer Protocol Server (SFTP) under the file name **Basin 37 Public Records Request**. Instructions on how to access the SFTP are attached. This fulfills the request.

A portion of the request is denied under Idaho Code § 74-104(1) and Rule 502 of the Idaho Rules of Evidence. The Office of the Attorney General reviewed the request and subsequent partial denial. Under Idaho Code § 74-115 (Proceedings to Enforce Right to examine or to Receive a Copy of Records), you have 180 days to appeal this decision by filing a petition in the state district court of the county where all or part of the records are located.
