Colby Clark, 9836 W Twin Lakes Road, Rathdrum ID 83858/
30701 N Clagstone, Athol ID 83810

Laurin Scarcello, 22389 N Kevin Rd, Rathdrum ID 83858

From: Susan Ellis, Twin Lakes resident/water right holder,
current secretary of WD#95C.

RE: NOTICE OF INTENT TO PARTICIPATE

I, Susan Ellis, SUPPORT the removal of the Watermaster of
WD#95C.

WHY?

1. The Watermaster of WD#95C is also the dam tender of Flood Control District 17. This has turned out to be a conflict of interest. Watermaster Laurin Scarcello has taken direction for doing both of his jobs (Watermaster and dam tender) from the Flood Control District Board only. He refuses to take direction from the present (and past) WD95C Chairman; he openly states this. He also refuses to take direction from the WD#95C Water Advisory Board, who sole job is to advise the Watermaster. Consequently the rights of lake property owners and recreational users are being violated by the amount of excess water being released out of the lake and over the dam.

2. The Watermaster also chooses not to follow the laws, court decisions, and the Watermasters Handbook. His comments and votes on the water advisory board are both evidence of this.
3. I concur with the evidence as presented by Colby Clark's complaint.
