**RE: Notice of Final Order Curtailing Ground Water Rights Junior to November 27, 1984;  
Affirm and Amend Ground Water Rights Curtailment List-Surface Water Coalition  
Delivery Call**

Dear Water Right Holder,

You are receiving this letter because, according to records of the Idaho Department of Water Resources ("Department"), you are the holder of one or more ground water rights bearing a priority date junior to November 27, 1984 and were subject to the Department's *Final Order Curtailing Ground Water Rights Junior to June 14, 1977* ("Second Curtailment Order"), issued August 4, 2021.

On December 21, 2021, the Department issued the *Final Order Establishing 2021 Reasonable Carryover (Methodology Step 9)* ("Step 9 Order"). The Methodology Step 9 reasonable carryover shortfall prediction in the Step 9 Order is smaller than the shortfall established by the Second Curtailment Order. Therefore, ground water rights with priority dates senior to, and including, November 27, 1984, are no longer subject to curtailment. However, ground water rights junior to November 27, 1984, remain subject to curtailment under the Second Curtailment Order.

Information regarding the ongoing status of the curtailment may be found at:  
<https://idwr.idaho.gov/legal-actions/curtailments/2021-curtailment-information/#>.

If you have questions concerning this notice, please contact the Department's State Office in Boise at (208) 287-4800.

Respectfully,

Gary Spackman  
Director

Docket No. CM-DC-2010-001

**FINAL ORDER CURTAILING GROUND  
WATER RIGHTS JUNIOR TO  
NOVEMBER 27, 1984**

The Director of the Idaho Department of Water Resources (“Department”) finds, concludes, and orders as follows:

**FINDINGS OF FACT**

1. On April 19, 2016, the Director issued the *Fourth Amended Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“Methodology Order”). The Methodology Order established nine steps for determining material injury to members of the Surface Water Coalition (“SWC”).<sup>1</sup>

2. On December 21, 2021, the Director issued the *Final Order Establishing 2021 Reasonable Carryover (Methodology Step 9)* (“Step 9 Order”). Therein, the Director concluded there is a 16,538 acre-foot (“AF”) volume of material injury to AFRD2’s reasonable carryover and a 48,108 AF volume of material injury to TFCC’s reasonable carryover. *Step 9 Order* at 5. The Director concluded no other members of the SWC have a reasonable carryover shortfall. *Id.*

3. The Director ordered that within fourteen days of December 21, 2021, “junior ground water users holding consumptive water rights within the Eastern Snake Plain Aquifer area of common ground water supply [ESPA ACGWS] bearing priority dates junior to November 27, 1984, must mitigate for their proportionate share of the reasonable carryover shortfall of 64,647 AF in accordance with an approved mitigation plan.” *Id.* at 6. The Director ordered that if such junior ground water users cannot mitigate for their proportionate share of the reasonable carryover shortfall “in accordance with an approved mitigation plan, the Director will issue an order curtailing the junior-priority ground water use.” *Id.*

---

<sup>1</sup> The SWC is comprised of A&B Irrigation District (“A&B”), American Falls Reservoir District #2 (“AFRD2”), Burley Irrigation District, Milner Irrigation District, Minidoka Irrigation District, North Side Canal Company, and Twin Falls Canal Company (“TFCC”).

4. There are currently seven approved mitigation plans in place responding to the SWC delivery call to mitigate for material injury to in-season demand and reasonable carryover:

- 1) Docket No. CM-MP-2009-007 for the benefit of the Idaho Ground Water Appropriators, Inc. (“IGWA”) (delivery of stored water);
- 2) Docket No. CM-MP-2009-006 for the benefit of IGWA (conversions, dry ups, and recharge);
- 3) Docket No. CM-MP-2016-001 for the benefit of IGWA (the IGWA and SWC stipulated mitigation plan);
- 4) Docket No. CM-MP-2010-001 for the benefit of the Southwest Irrigation and Goose Creek Irrigation District (collectively, “SWID”);
- 5) Docket No. CM-MP-2019-001 for the benefit of certain cities commonly referred to as the “Coalition of Cities”;
- 6) Docket No. CM-MP-2015-003 for the benefit of the A&B Irrigation District (“A&B”); and
- 7) Docket No. CM-MP-2007-001 for the benefit of J.R. Simplot Company, Basic American Foods, and ConAgra Foods Packaged Foods Company, Inc., d/b/a Lamb-Weston (collectively, the “Water Mitigation Coalition”) (delivery of stored water).

5. Participants in the mitigation plans approved for IGWA, SWID, the Coalition of Cities, and the Water Mitigation Coalition do not need to establish their ability to mitigate for their proportionate share of the reasonable carryover shortfall. However, due to the nature of A&B’s mitigation plan, A&B must establish, to the satisfaction of the Director its ability to mitigate for its proportionate share of the reasonable carryover shortfall, which is 2,121 AF. *Id.*

## CONCLUSIONS OF LAW

1. Idaho Code § 42-602 authorizes the Director to supervise water distribution within water districts:

The director of the department of water resources shall have direction and control of the distribution of water from all natural water sources within a water district to the canals, ditches, pumps and other facilities diverting therefrom. Distribution of water within water districts created pursuant to section 42-604, Idaho Code, shall be accomplished by watermasters as provided in this chapter and supervised by the director. The director of the department of water resources shall distribute water in water districts in accordance with the prior appropriation doctrine. The provisions of chapter 6, title 42, Idaho Code, shall apply only to distribution of water within a water district.

2. As explained above, within fourteen days of December 21, 2021, “junior ground water users holding consumptive water rights within the ESPA ACGWS bearing priority dates junior to November 27, 1984, must mitigate for their proportionate share of the reasonable carryover shortfall of 64,647 AF in accordance with an approved mitigation plan.” *Step 9 Order*

at 6. If a junior ground water user does not establish they can mitigate for their proportionate share of the reasonable carryover shortfall in accordance with an approved mitigation plan the ground water user will be subject to this “order curtailing the junior-priority ground water use.” *Id.*

3. Due to the nature of the approved mitigation plans for SWID, IGWA, the Coalition of Cities, and the Water Mitigation Coalition, these entities do not need to establish that they can mitigate for their proportionate share of the reasonable carryover shortfall. Junior ground water users entitled to the protection of the SWID, IGWA, Coalition of Cities, and the Water Mitigation Coalition mitigation plans will not be subject to curtailment related to the reasonable carryover shortfall. Due to the nature of A&B’s mitigation plan, A&B must establish to the satisfaction of the Director its ability to mitigate for its proportional share of the reasonable carryover shortfall, which is 2,121 AF. *Id.*

4. The Director concludes junior-priority ground water users that have not established mitigation of their proportionate share of the reasonable carryover shortfall in accordance with an approved mitigation plan should be curtailed. Junior-priority ground water users subject to curtailment are listed in Attachment A to this order.

### ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that, at 12:01 a.m. on or before January 13, 2022, ground water users holding water rights bearing priority dates junior to November 27, 1984, within the ESPA ACGWS listed in Attachment A to this order, shall curtail/refrain from diversion and use of ground water pursuant to those water rights unless notified by the Department that the order of curtailment has been modified or rescinded. This order applies to consumptive ground water rights, including but not limited to, agricultural, commercial, industrial, and municipal uses. This order excludes ground water rights used for *de minimis* domestic purposes where such domestic use is within the limits of the definition set forth in Idaho Code § 42-111 and ground water rights used for *de minimis* stock watering where such stock watering use is within the limits of the definitions set forth in Idaho Code § 42-1401A(11), pursuant to IDAPA 37.03.11.020.11.

IT IS FURTHER ORDERED that watermasters for the water districts within the ESPA ACGWS who regulate ground water are directed to review the water rights listed in Attachment A to this order and contact the water right holders in their respective districts to effectuate the curtailment required by this order.

Dated this 11<sup>th</sup> day of January 2022.

  
GARY SPACKMAN  
Director

## **EXPLANATORY INFORMATION TO ACCOMPANY A FINAL ORDER**

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 740.02)

The accompanying order is a "Final Order" issued by the department pursuant to section 67-5246, Idaho Code.

### **PETITION FOR RECONSIDERATION**

Any party may file a petition for reconsideration of a final order within fourteen (14) days of the service date of this order as shown on the certificate of service. **Note: The petition must be received by the Department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5246(4), Idaho Code.

### **REQUEST FOR HEARING**

Unless the right to a hearing before the director or the water resource board is otherwise provided by statute, any person who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action. The person shall file with the director, within fifteen (15) days after receipt of written notice of the action issued by the director, or receipt of actual notice, a written petition stating the grounds for contesting the action by the director and requesting a hearing. See section 42-1701A(3), Idaho Code. **Note: The request must be received by the Department within this fifteen (15) day period.**

### **APPEAL OF FINAL ORDER TO DISTRICT COURT**

Pursuant to sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by a final order or orders previously issued in a matter before the department may appeal the final order and all previously issued orders in the matter to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of: a) the service date of the final order, b) the service date of an order denying petition for reconsideration, or c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See section 67-5273, Idaho Code. The filing of an appeal to district court does not in itself stay the effectiveness or enforcement of the order under appeal.

I HEREBY CERTIFY that on this 12 day of January 2022, a true and correct copy of the foregoing was served by the method indicated below, and addressed to the following:
