Docket No. CM-DC-2010-001

AFFIDAVIT OF TRAVIS L.
THOMPSON IN SUPPORT OF
SURFACE WATER COALITION’S
PETITION RE: AUGUST ORDER

I, Travis L. Thompson, being first duly sworn upon oath, depose and say:

1. I am over the age of 18 and make this affidavit based upon my personal
knowledge. I am one of the attorneys representing A&B Irrigation District, Burley Irrigation
District, Milner Irrigation District, North Side Canal Company, and Twin Falls Canal Company in this matter.

2. Attached hereto as Exhibit A are true and correct copies of excerpts of the weekly report published by Water District 01 throughout the 2013 irrigation season.

3. Attached hereto as Exhibit B is a true and correct copy of Randy Budge’s June 13, 2013 letter to Steve Howser, Manager of the Aberdeen-Springfield Canal Company.

4. Attached hereto as Exhibit C is a true and correct copy of Randy Budge’s June 24, 2013 letter to Lyle Swank, Water District 01 Watermaster.

5. Attached hereto as Exhibit D is a true and correct copy of Lyle Swank’s June 25, 2013 letter to Randy Budge and Steve Howser.

6. Attached hereto as Exhibit E is a true and correct copy of Randy Budge’s August 27, 2013 email to me.

7. I certify under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

DATED this 6th day of September, 2013.

BARKER ROSHOLT & SIMPSON LLP

Travis L. Thompson

Attorneys for A&B Irrigation District, Burley Irrigation District, Milner Irrigation District, North Side Canal Company, and Twin Falls Canal Company
CERTIFICATE OF SERVICE

I hereby certify that on this 16 day of September, 2013, I served a true and correct copy of the foregoing Affidavit of Travis L. Thompson in Support of the Surface Water Coalition’s Petition and the Affidavit of Lynn Harmon on the following by the method indicated:

Travis L. Thompson

AFI DAVIT OF TRAVIS L. THOMPSON
Exhibit
A
The 1906-09-24 priority is currently being filled for diversions above Blackfoot and the 1903-03-26 priority is currently being filled for diversions below Blackfoot. Priorities began to rise this weekend as the record high temperatures have resulted in rapid melting of the remaining high-elevation snow. Priorities may continue to rise slightly for a short time but, as the remaining snowpack quickly dissipates over this next week, priorities are expected to eventually begin receding for the remainder of the season, excepting those times when significant rain events occur.

Approximately 3.1 million dollars of proceeds collected from the rental pool will be distributed to all participating spaceholders this week. In addition, participating spaceholders whose allocations were impacted from last year’s common pool and flow augmentation rentals will receive an impact rental payment. Impacts to storage allocations this year totaled 179,635 AF but, because there wasn’t sufficient money in the Impact Fund to pay the full rental price to impacted spaceholders, they will receive an impact payment of $13.26 for each acre-foot of their space failing to fill as a result of last year’s rentals. If you have any questions concerning your rental payment or the amount of your space impacted, please call the water district office at 208-525-7171.

Impacted spaceholders will have the first opportunity to rent storage from the 50,000 AF common pool, up to the amount of impact. If rental applications from impacted spaceholders total less than 50,000 acre-feet, the remaining portion of the 50,000 AF supply will be available to applicants with unfilled space. If any rental supply remains after impacted spaceholder and unfilled spaceholder applications have been filled, it will be rented to other spaceholder applicants above Milner followed by non-spaceholder applicants until the supply runs out.

Storage allocations have been published in today’s water right accounting. **Applications to rent storage from the 50,000 AF common pool must be received in the Water District #1 Office by Wednesday, June 26, 2013.** The rental price and fees for this year’s storage rental is $17.00 per acre-foot. The reservoir space, fill, and evaporation allocations can be viewed in the STORAGE ALLOCATIONS tab on the www.waterdistrict1.com webpage. Palisades Water User spaceholder allocations and assignments have been added to the AF RMNG values in the daily water right accounting. A listing of the Palisades Water User assignment should be is posted in the STORAGE ALLOCATIONS section of the water district’s webpage tomorrow. Storage rentals from the common pool will be added to the water right accounting following the June 26, 2013 application deadline.

The AF RMNG values currently shown in the daily water right accounting include the following adjustments for private leases and other storage assignments:

- Enterprise Canal Co: -3,000 AF private lease to IGWA
- Bear Island Pump: +9 AF non-participant impact from 2007 Rental Pool
- Idaho Irrigation: -3,000 AF private lease to IGWA
- Snake River Valley: -4,000 AF private lease to IGWA
- Falls Irrigation: -5,000 AF private lease to Southwest Irrigation District (SWID)
- Minidoka Irr Dist: -5,000 AF private lease to SWID
- Minidoka Irr Dist: +8,370 AF Minidoka Return Flow Credit
- Burley Irr Dist: +7,000 AF SWID private lease assignment water
- Burley Irr Dist: +5,130 AF Minidoka Return Flow Credit

In addition to the storage rentals and assignments shown above, Southwest Irrigation District has assigned its 77.9 cfs of natural flow to the following canals beginning on May 10th and continuing until the volume limitations are reached: 44.12 cfs (3,714 AF limit) to Burley Irrigation District and 34.88 cfs (3,714 AF limit) to Milner Irrigation District.

**Calendar**

The Idaho Water Users Association Summer Water Law and Resource Issues Seminar will be held June 17 & 18 at the Sun Valley Resort in Sun Valley, Idaho. For further information, see the IWUA website at [www.iwua.org](http://www.iwua.org).

The next Committee of Nine Meeting will be held in Sun Valley following the June 17th session of the Idaho Water Users Association Water Law Seminar.
WATER REPORT – June 25, 2013

All Snake River natural flow arising upstream from where the Blackfoot River enters the Snake River is currently being used. All water passing Blackfoot is storage water being delivered to lower valley diversions. The contribution from tributary and spring inflows between Blackfoot and Milner are sufficient to partially fill the 3400 cfs 1900-10-11 priority water right held by Twin Falls and North Side Canals. This situation will continue until the end of the irrigation season when diversions above Blackfoot are no longer diverting all the natural flow that arises upstream.

Natural flow above Blackfoot has been gradually decreasing each day. Currently, there is sufficient natural flow to fill up to the 1894-08-18 priority for diversions above Blackfoot. The 1894-08-18 priority is expected to be cut completely within a day or two and fall to 1893 and 1892 priorities later this week. Projected priorities are updated each weekday afternoon on the www.waterdistrict1.com website.

Storage transfers and adjustments that have been recently updated in the water right accounting include a 2,000 AF private lease by IGWA from New Sweden Irrigation District assigned to the SWID pump diversion. Also, 288 AF of the 928 AF of Artesian Irrigation allocation previously assigned to Twin Falls Canal and documented on the 6/11/2013 Water Report has been corrected and moved from Twin Falls Canal to Milner Irrigation.

Calendar

Applications to rent storage from the 50,000 AF common pool must be received in the Water District #1 Office by Wednesday, June 26, 2013.

The National Water Resources Association (NWRA) is holding their 30th Annual Western Water Seminar at the Skamania Lodge in Stevenson, Washington on July 29-31, 2013. Additional information can be obtained from the NWRA website www.nwra.org.
Projected priorities today are 1885-06-01 for the Teton River, 1900-10-11 for the Snake River below Blackfoot, and 1890-06-30 for the Snake River above Blackfoot, Henrys Fork, Falls River, and North Fork Teton River below the Teton Island Feeder.

The following adjustments were made today to canal AF RMNG values in the water right accounting:

- +7,500 AF to North Side Canal from IGWA private leases
- +10,450 AF to Twin Falls Canal from IGWA private lease
- +2,500 AF to AFRD#2 from IGWA private lease
- +100 AF to AFRD#2 for Fred Brossey from Common Pool rental
- -1,000 AF from Snake River Valley for IGWA private lease
- -3,000 AF from New Sweden for IGWA private lease
- -8,639 AF from Aberdeen-Springfield for IGWA private lease
- -3,750 AF from Enterprise Canal for IGWA private lease
- -4,061 AF from State of Wyoming for IGWA private lease
- +55.5 AF PWUI storage assigned to Palisades Canal for Dick Clayton
- +100 AF PWUI storage assigned to Farmers Friend Canal for Danny Ferguson
- +7.7 AF PWUI storage assigned to Burgess Canal for City of Rigby (Roger Warner)
- +100 AF PWUI storage transfer to Farmers Friend Canal for Fosters (Chappel)
- -100 AF PWUI storage transfer from B Foster Pump to Farmers Friend Canal
- +25.6 AF PWUI storage transfer to Sunnydell Canal for K. Sutton (Winder)
- -25.6 AF PWUI storage transfer from Rudy Canal to Sunnydell Canal for K. Sutton
- -287.2 AF PWUI storage adjustment to Sunnydell Canal from previous allocation
- -35.1 AF PWUI storage adjustment to East Labelle Canal from previous allocation
- +235.1 AF PWUI storage adjustment to West Labelle/Long Is Canal from previous allocation.

In addition to the storage assignments and transfers shown above, Fremont-Madison Irrigation District has adjusted its storage allocation distribution to Fremont-Madison spaceholders whose spaceholder assessments were delinquent. The Fremont-Madison Irrigation District rental distributed to their spaceholders was also included in today’s water right accounting.

The Bureau of Reclamation made corrections to the American Falls Reservoir contents June 11th through July 1st. When these corrections were added to the water right accounting, it resulted in changes to some storage usage and reach-gains below Blackfoot.

**Calendar**

The USBR is hosting a two-hour meeting at their new office at 470 22nd St., Heyburn, ID, on August 7, 2013, beginning at 9:30 AM to discuss calendar year 2013 expenses-to-date and projected O&M costs for calendar year 2014 covering all the Minidoka Project facilities. RSVP if you plan to attend by calling Mr. Cody Sibbet at 208-678-0461 extension 10. Additional information can be obtained from Jerry Cheek 208-678-0461 extension 20 or from Keith Brooks at extension 33.
WATER REPORT – August 27, 2013

Priority cuts above Blackfoot reached a low point last week cutting into the 1889-04-06 priority water right. Since that time, diversions have declined and natural flow has increased slightly because of the recent rain showers. The 1889-05-11 priority is currently being filled for the Snake River and Henrys Fork above Blackfoot for the amounts of water that are currently being diverted. The 1885-10-17 priority is being partially filled on the lower North Fork of the Teton River below the Teton Island Feeder Canal. The 1884-05-22 priority is being partially filled for all other areas of the Teton River. The 1900-10-11 priority is being partially filled for the Snake River below Blackfoot.

The following storage adjustments were made this week to the AF RMNG values in the water right accounting:

• +50 AF PWUI storage transfer to New Sweden for Brad Reed.
• -42.6 AF PWUI storage transfer from the Bybee Pump to the R Grover Pump.
• +200 AF storage transfer to the Russell Grover Pump consisting of 42.6 AF PWUI storage from the Bybee Pump, 57.4 AF of previously unassigned PWUI storage, and 100 AF of Common Pool rental.
• +20 AF Common Pool rental to A Wilde pump.
• +21.9 AF PWUI storage transfer to Harrison Canal from John Price.
• +3,000 AF private lease water to Enterprize Canal from IGWA.

Calendar

The next Committee of Nine Meeting will be held September 12th, beginning at 10:00 AM at the Pocatello Airport.

The USBR has tentatively planned a public meeting concerning Ririe Reservoir Operations for September 19th. Please mark your calendars to hold this date for an evening meeting to support a change to the Ririe Reservoir flood control rule curve. The exact time and location will be included as additional information is available.
Priorities fell to 1889-04-15 for the Snake River above Blackfoot over the Labor Day Weekend. Rain received on Monday yesterday has increased natural flow and will likely increase priorities over the next couple days. Projected priorities for the Snake River and Henrys Fork above Blackfoot are 1889-05-01 for tomorrow. The 1885-06-01 priority is partially being filled on the Teton River above the Teton Island Feeder. The 1885-06-01 priority is partially being filled on the North Fork Teton River below the Teton Island Feeder. The 1900-10-11 priority is partially filled for the Snake River below Blackfoot.

Releases from Palisades and American Falls Reservoirs will begin decreasing today as downstream irrigation demand is beginning to decrease. Releases from Ririe Reservoir have been increased today from 100 cfs to 350 cfs to reduce the physical contents of the reservoir to meet flood-control requirements at the end of the season. The USBR has scheduled a September 19th meeting in Idaho Falls to discuss the Ririe Reservoir Operations and possible modifications to the flood-control requirements. The location and meeting time are yet to be scheduled. Water users concerned about the winter time levels in Ririe Reservoir and the amount of storage being released from Ririe Reservoir for flood-control operations at the end of the season are encouraged to attend. Further information can be obtained by contacting the USBR in Burley at 208-678-0461.

The following storage adjustments were made to this week's AF RMNG values in the water right accounting:

- 50 AF PWUI storage transferred from M&M Cattle to Harrison Canal.
- 1,500 AF storage leased from Snake River Valley Irrigation to IGWA.
- 7,300 AF of previously leased IGWA storage assigned to AFRD2.

The 7,300 AF of IGWA leased storage was assigned to AFRD2 in accordance with the IDWR Director's Order Revising April 2013 Forecast Supply, dated 8/27/2013. The order also required 6,900 AF of mitigation from IGWA to Twin Falls Canal. The 6,900 AF of mitigation had been previously included in the 10,450 AF of IGWA leased storage previously assigned to Twin Falls Canal and documented in previous water reports.

Calendar

The public ribbon cutting ceremony for the new USBR Upper Snake Field Office will be held 10 AM to 11:30 AM at 470 22nd Street, Heyburn, ID. Although all are welcome, the USBR would appreciate an RSVP. To RSVP or for questions, contact Mr. Cody Sibbett at ssibbett@usbr.gov or 208-678-0461, extension 10.

The next Committee of Nine Meeting will be held September 12th, beginning at 10:00 AM at the Pocatello Airport.

The USBR has tentatively planned a public meeting concerning Ririe Reservoir Operations for September 19th in Idaho Falls. Please mark your calendars to hold this date for an evening meeting to support a change to the Ririe Reservoir flood control rule curve. The exact time and location will likely be included in next week's report.

Aberdeen, Idaho 83210

Re: 2013 Storage Water Lease

Dear Steve:

This letter will confirm that IGWA approves of the request made by Aberdeen-Springfield Canal Company that it be released from its obligation to supply the lease minimum amount of 10,000 AF of storage for 2013. This is approved in consideration for the 8,639 AF of storage water carried over from 2012 and available to meet IGWA’s 2013 mitigation obligations.

IGWA recognizes and appreciates the long-time good working relationship with Aberdeen-Springfield which has been most helpful in enabling the Ground Water Users to meet their mitigation obligations in times of need and is happy to be able to provide reciprocal benefit to meet the needs of Aberdeen-Springfield.

Sincerely,

[Signature]

Re: 2013 Storage Water Assignment to Twin Falls Canal Company

Dear Lyle:

Pursuant to the Director’s Final Order Regarding April 2013 Forecast Supply dated April 17, 2013 (“2013 Order”), IGWA has a predicted in-season demand shortfall of 14,200 AF to Twin Falls Canal Company (“TFCC”). IGWA now desires to fully satisfy this mitigation obligation by assigning 14,200 AF of storage water to TFCC from its 2012 carryover storage released pursuant to the Director’s Order Releasing IGWA from 2012 Reasonable Carryover Shortfall Obligation dated June 17, 2013, as follows:

<table>
<thead>
<tr>
<th>LESSOR:</th>
<th>VOLUME:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enterprise Canal Company</td>
<td>3750 AF</td>
</tr>
<tr>
<td>Peoples Canal Company</td>
<td>3750 AF</td>
</tr>
<tr>
<td>Aberdeen-Springfield Canal Company</td>
<td>6700 AF (leaving 2239 unassigned balance)</td>
</tr>
<tr>
<td>TOTAL:</td>
<td>14,200 AF</td>
</tr>
</tbody>
</table>
June 24, 2013
Page 2

By copy of this letter I am advising the Director, TFCC, and the Lessors of the foregoing. Should any of you have any questions, please don’t hesitate to contact me. Thank you for your assistance.

Sincerely,

[Signature]

Randy Budge
Racine Olson Nye Budge & Bailey
PO Box 1391
Pocatello, ID 83204-1391

Dear Sirs:

Water District 1 has received a letter from IGWA dated June 13, 2013 releasing Aberdeen-Springfield Canal Company of their 2013 obligation to supply 10,000 AF of storage for 2013 and a letter dated June 24, 2013 assigning the water held from the 2012 season for the AFRD#2 reasonable carryover. The Director did release IGWA from the 2012 carryover obligation in his order dated June 17, 2013.

At the Rental Pool meeting held on April 23, 2013 there was considerable discussion regarding the water that was held over for the AFRD#2 carryover obligations and how it should be treated in 2013. It was clear in that meeting use of the storage in 2013 for a 2013 obligation would require a new 2013 private lease with the appropriate fees. Therefore, if Aberdeen-Springfield is going to lease water from its 2013 storage allocation to IGWA, a new 2013 lease with appropriate fees is required. Be aware that any 2013 lease between Aberdeen-Springfield and IGWA will result in the Aberdeen-Springfield space becoming last-to-fill for 2014. Also, any new 2013 private lease could jeopardize Aberdeen-Springfield’s eligibility to rent storage from the 2013 Common Pool this year.

Please let me know if you have any questions regarding this matter.

Sincerely,

Lyle Swank
Watermaster

Subject: IGWA - TFCC

Travis,

The transfer by IGWA of the additional storage water to TFCC to bring the total to 14,200 was authorized last week and I believe completed yesterday by WD01.
