APR 30 2015

DEPARTMENT OF
WATER RESOURCES

IDAHO DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF DISTRIBUTION OF WATER TO VARIOUS WATER RIGHTS HELD BY OR FOR THE BENEFIT OF A&B IRRIGATION DISTRICT, AMERICAN FALLS RESERVOIR DISTRICT #2, BURLEY IRRIGATION DISTRICT, MILNER IRRIGATION DISTRICT, MINIDOKA IRRIGATION DISTRICT, NORTH SIDE CANAL COMPANY, AND TWIN FALLS CANAL COMPANY

IN THE MATTER OF IGWA'S MITIGATION PLAN IN RESPONSE TO THE SURFACE WATER COALITION'S DELIVERY CALL

Docket No. CM-DC-2010-001

Docket No. CM-MP-2009-007

IGWA's Petition for Reconsideration and Clarification of April 2015 As-Applied Order (Methodology Steps 1-3); Motion to Stay or Vacate; and Request for Hearing

Idaho Ground Water Appropriators, Inc. (IGWA), acting for and on behalf of its members, through counsel, hereby petitions the Director to reconsider and clarify IGWA's mitigation obligation to the Surface Water Coalition (SWC) under the *Final Order Regarding April 2015 Forecast Supply (Methodology Steps 1-3)* issued by the Director on April 16, 2015 (the "*April 2015 As-Applied Order*"). IGWA requests reconsideration and clarification of three issues.

First, IGWA has petitioned the Director to reconsider and clarify, and to stay or vacate, the *Third Amended Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* issued April 17, 2015 (“*Third Methodology Order*”). IGWA requests the *April 2015 As-Applied Order* be amended as appropriate to account for changes made to the *Third Methodology Order*.

Second, the *April 2015 As-Applied Order* relies in part on irrigated acreage figures submitted by SWC members.¹ IGWA requests clarification of what analyses, if any, IDWR performed to verify the figures and account for supplemental surface and ground water rights used on the acres reported. To the extent such analysis was not completed, IGWA requests it be performed and the *April 2015 As-Applied Order* be amended to account for the results of the analysis.

Third, the *April 2015 As-Applied Order* predicts a total demand shortfall of 89,000 acre-feet to the Surface Water Coalition (SWC), of which 15,200 acre-feet is owed to AFRD2 and 73,700 acre-feet is owed to TFCC. The *April 2015 As-Applied Order* obligates IGWA to mitigate the entire 89,000 acre-foot shortfall; however, IGWA’s members are not responsible for all impacts to SWC water supplies. The *April 2015 As-Applied Order* does not appear to account for impacts from other junior groundwater users or for mitigation water supplied to the SWC by other junior groundwater users. Therefore, IGWA respectfully requests reconsideration and clarification of its members’ share of the total mitigation owed to the SWC, including but not limited to the following:

- (1) Subtract from the total predicted shortfall to the SWC all water currently rented or planned to be rented to another water user by a SWC member, and all water currently placed or planned to be placed in the rental pool by a SWC member for any purpose, per the *Order Approving Mitigation Plan* issued June 3, 2010, *In the Matter of Idaho Ground Water Appropriators, Inc.’s Mitigation Plan in Response to the Surface Water Coalition’s Delivery Call*, IDWR Docket No. CM-MP-2009-007.
- (2) Determine and credit toward the predicted shortfall to the SWC all water to be supplied to the SWC under the Water Rental Agreement dated February 6, 2007, between the Water Mitigation Coalition and Minidoka Irrigation District.
- (3) Determine and Credit toward the predicted shortfall to the SWC all modelled reach gain benefits accruing to the SWC from aquifer

¹ 2015 As-Applied Order at 2.

enhancement activities of A&B Irrigation District, Idaho Water Resource Board (IWRB), Eastern Idaho Recharge Alliance, and other entities besides IGWA.

- (4) Calculate the mitigation obligation of IGWA members based on the water rights attached hereto as Appendix A which reflect all water rights of IGWA member groundwater districts (North Snake, Magic Valley, Carey, American Falls-Aberdeen, Bingham, Bonneville-Jefferson, Madison, Jefferson-Clark) and irrigation districts (Southwest, Freemont-Madison).
- (5) Calculate the mitigation obligation of all junior groundwater rights that are not members of IGWA, including but not limited to domestic water rights.
- (6) Such other relief as the Director deems appropriate with respect to any 2015 mitigation obligations of IGWA to the SWC.

MOTION TO STAY OR VACATE

IGWA requests that the *April 2015 As-Applied Order* be vacated or stayed until the issues raised above are properly addressed.

REQUEST FOR HEARING

IGWA requests a hearing on the issues raised in this petition.

RESPECTFULLY SUBMITTED this 30th day of April, 2015.
