

**BEFORE THE DEPARTMENT OF WATER RESOURCES**

**OF THE STATE OF IDAHO**

<b>IN THE MATTER OF DISTRIBUTION OF WATER TO VARIOUS WATER RIGHTS HELD BY OR FOR THE BENEFIT OF A&amp;B IRRIGATION DISTRICT, AMERICAN FALLS RESERVOIR DISTRICT #2, BURLEY IRRIGATION DISTRICT, MILNER IRRIGATION DISTRICT, MINIDOKA IRRIGATION DISTRICT, NORTH SIDE CANAL COMPANY, AND TWIN FALLS CANAL COMPANY</b>	<b>CM-DC-2010-001</b>  <b>FINAL ORDER CURTAILING GROUND WATER RIGHTS JUNIOR TO JUNE 20, 1989</b>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------

The Director (“Director”) of the Idaho Department of Water Resources (“Department”) finds, concludes, and orders as follows:

**FINDINGS OF FACT**

1. On April 19, 2016, the Director issued the *Fourth Amended Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“Methodology Order”). The Methodology Order established nine steps for determining material injury to members of the Surface Water Coalition (“SWC”).<sup>1</sup>

2. On November 29, 2016, the Director issued the *Final Order Establishing 2016 Reasonable Carryover (Methodology Step 9)* (“Step 9 Order”), which applied step 9 of the Methodology Order. The Director concluded “by clear and convincing evidence that there is a 39,500 AF volume of material injury to [Twin Falls Canal Company]’s reasonable carryover.” *Step 9 Order* at 5. Using the Enhanced Snake Plain Aquifer Model (“ESPAM”) 2.1, the Director determined “the curtailment date to produce a steady state volume of at least 39,500 AF in the near Blackfoot to Minidoka reach is junior or equal to June 20, 1989.” *Id.* Accordingly, the Director ordered that:

[J]unior ground water users holding consumptive ground water rights within the Eastern Snake Plain Aquifer area of common ground water supply bearing priority dates junior to June 20, 1989, must mitigate for their proportionate share of the reasonable carryover shortfall of 39,500 AF in accordance with an approved mitigation plan. If, within fourteen days following issuance of this order, junior

<sup>1</sup> The SWC is comprised of A&B Irrigation District, American Falls Reservoir District #2, Burley Irrigation District, Milner Irrigation District, Minidoka Irrigation District, North Side Canal Company, and Twin Falls Canal Company.

ground water users fail to establish, to the satisfaction of the Director, their ability to mitigate for their proportionate share of the reasonable carryover shortfall of 39,500 AF in accordance with an approved mitigation plan, the Director will issue an order curtailing the junior-priority ground water use.

*Id.* at 6 (footnote omitted).

3. When the Director issued the Step 9 Order, four relevant mitigation plans were approved for the SWC delivery call.

4. The first approved mitigation plan was filed by A&B Irrigation District (“A&B”) in Docket No. CM-MP-2015-003 (“A&B Plan”) on May 21, 2015. The A&B plan proposes the following activities: (a) conversion of 1,378 acres from ground water to a surface water supply, (b) enrollment of 121 acres in the federal Conservation Reserve Enhancement Program (“CREP”), (c) development of a pumping plant and pipeline project to deliver available surface water to lands served by senior ground water right no. 36-2080, and (d) rental and delivery of available storage water in American Falls Reservoir and Palisades Reservoir as necessary when the other mitigation activities do not satisfy A&B’s mitigation obligation. The Director issued a *Final Order Approving Mitigation Plan* on December 16, 2015.

5. The second approved mitigation plan was filed by Southwest Irrigation District, Goose Creek Irrigation District (collectively, “SWID”), and the SWC in Docket No. CM-MP-2010-001 (“SWID Plan”) on February 9, 2016. SWID and the SWC filed the SWID plan in accordance with Rule 43.03.o of the Department’s Rules for Conjunctive Management of Surface and Ground Water Resources (“CM Rules”). IDAPA 37.03.11 *et seq.* The SWID Plan proposes that SWID will complete aquifer enhancement activities on an annual basis, including ground water recharge, conversions, and voluntary curtailment. In exchange, the SWC agrees that SWID’s members’ junior priority ground water rights should not be subject to curtailment in response to the SWC delivery call during the term of the SWID Plan (effective until December 31, 2016). The Director issued a *Final Order Approving Mitigation Plan for 2016* on March 29, 2016.

6. The third approved mitigation plan was filed by the City of Pocatello, City of Idaho Falls, Coalition of Cities<sup>2</sup> (collectively, “Cities”), and the SWC in Docket No. CM-2016-002 (“Cities’ Plan”) on March 15, 2016. Like the SWID Plan, the Cities and the SWC filed the Cities’ Plan in accordance with CM Rule 43.03.o. The Cities’ Plan proposes delivery of 2,600 acre-feet of water to the storage accounts selected by the SWC and previous activities that recharged the ground water with surface water. The Cities and the SWC agree that the activities described in the Cities’ Plan will mitigate for any injury to the SWC’s water rights caused by the Cities’ ground water pumping and that the Cities’ water rights should not be subject to curtailment during the term of the Cities’ Plan (effective until December 31, 2016). The SWC also agrees that delivery of 2,600 acre-feet will mitigate injury to the SWC caused by pumping under junior ground water rights by all municipal corporations with wells located within the boundary of the Eastern Snake Plain Aquifer Area of Common Ground Water Supply, as defined

---

<sup>2</sup> The cities participating as the Coalition of Cities in this mitigation plan are Bliss, Carey, Declo, Dietrich, Gooding, Hazelton, Heyburn, Jerome, Paul, Richfield, Rupert, Shoshone, and Wendell.

in CM Rule 50 (“ESPA ACGWS”). The Cities and the SWC agree that other municipalities who pump ground water from the ESPA ACGWS may become participants of the Cities’ Plan pursuant to CM Rule 43.03.m. at the sole discretion of the Cities and that, upon notice by the Cities to the Department and SWC of the Cities’ approval of such participation, said municipalities should also be protected from curtailment pursuant to terms of the plan.<sup>3</sup> The Director issued a *Final Order Approving Mitigation Plan for 2016* on April 27, 2016.

7. The fourth approved mitigation plan was filed by the Idaho Ground Water Appropriators, Inc. (“IGWA”) and the SWC in Docket No. CM-MP-2016-001 (“IGWA-SWC Plan”) on March 9, 2016. Like the SWID Plan and Cities’ Plan, IGWA and the SWC filed the IGWA-SWC Plan in accordance with CM Rule 43.03.o. Through the IGWA-SWC Plan, the SWC and IGWA members agree to numerous ongoing activities including a total ground water diversion reduction of 240,000 acre-feet annually and annual delivery of 50,000 acre-feet of privately leased storage water from the Upper Snake Reservoir system. In exchange, the SWC stipulates that, if the IGWA-SWC Plan is implemented, the plan mitigates for any material injury caused by the ground water users belonging to and in good standing with a participating IGWA member, and no ground water user participating in the IGWA-SWC Plan will be subject to a delivery call by the SWC members.<sup>4</sup> The Director issued a *Final Order Approving Stipulated Mitigation Plan* on May 2, 2016.

8. In the Step 9 Order, the Director stated:

[M]itigation plans filed by IGWA, A&B, SWID, and the Cities are currently approved for the SWC delivery call to mitigate for material injury to reasonable carryover. Participants in the mitigation plans approved for IGWA, SWID, and the Cities do not need to establish their ability to mitigate for their proportionate share of the reasonable carryover shortfall. However, due to the nature of A&B’s mitigation plan, A&B must establish to the satisfaction of the Director its ability to mitigate for its proportionate share of the reasonable carryover shortfall, which is 2,122 AF.

*Step 9 Order* at 6, n.12. The Director identified that the SWID Plan and the Cities’ Plan are only effective through December 31, 2016. *Id.* at 2, n.3 and n.4.

9. On December 1, 2016, A&B filed *A&B Irrigation District’s Petition for Reconsideration of Final Order Establishing Reasonable Carryover (Step 9)* (“Petition”). A&B suggested that, because it did not exercise its enlargement ground water rights during the 2016 irrigation season to satisfy its obligation for its proportionate share of the predicted in-season

---

<sup>3</sup> On October 7, 2016, the Cities submitted to the Department a *Third Notice of Cities’ Participation* stating that, “all water rights owned by the cities of Bliss, Cary, Declo, Dietrich, Gooding, Hazelton, Heyburn, Jerome, Paul, Richfield, Rupert, Shoshone and Wendell, Idaho Falls, Pocatello, Aberdeen, Ammon, Blackfoot, Chubbuck, Iona, Rigby, Ririe, Roberts, and Sugar City shall be protected from curtailment in response to the SWC delivery call for 2016.” *Third Notice of Cities’ Participation* at 4.

<sup>4</sup> On May 3, 2016, IGWA submitted to the Department *IGWA’s Notice of Mitigation* identifying ground water users participating in the IGWA-SWC Plan.

demand shortfall (“DS”) in the Director’s *Final Order Regarding April Forecast Supply (Methodology Steps 1-3)*, A&B should not be subject to curtailment for the reasonable carryover shortfall in the Step 9 Order. *Petition* at 2-3.

10. On December 20, 2016, the Director issued a *Final Order Denying A&B Irrigation District’s Petition for Reconsideration* (“Order on Reconsideration”). The Director denied A&B’s Petition because “A&B’s compliance with the curtailment of its affected ground water rights to address the predicted DS during the 2016 irrigation season does not obviate A&B’s obligation to mitigate or curtail to address its obligation for the reasonable carryover shortfall identified in the Step 9 Order.” *Order on Reconsideration* at 3. The Director ordered that “A&B must establish to the satisfaction of the Director its ability to mitigate for its proportionate share of the reasonable carryover shortfall in accordance with an approved mitigation plan or A&B will be subject to a curtailment order issued by the Director.” *Id.*

11. On December 21, 2016, SWID and the SWC filed a *Stipulation and Joint Motion for Approval of Interim Mitigation Agreement for 2017* (“SWID’s Interim Mitigation Plan for 2017”). SWID and the SWC request the Director approve extension of the SWID Plan through December 31, 2017. *SWID’s Interim Mitigation Plan for 2017* at 2.

12. On December 21, 2016, the Cities and the SWC filed a *Joint Motion for Order Extending Settlement Between Pocatello, Coalition of Cities, Idaho Falls and Surface Water Coalition* (“Cities’ Interim Mitigation Plan for 2017”). The Cities and the SWC request the Director approve extension of the Cities’ Plan through December 31, 2017. *Cities’ Interim Mitigation Plan for 2017* at 3.

13. On December 22, 2016, A&B submitted a letter to the Director stating that, as identified in the A&B Plan, A&B “holds storage water rights in American Falls and Palisades Reservoirs” and “can supply the necessary mitigation water to satisfy any reasonable carryover shortfall that may exist. . . .” A&B did not document, to the satisfaction of the Director, that it has communicated to the watermaster a written commitment of 2,122 acre-feet of storage water to be deducted from A&B’s storage allocation and controlled, assigned, and delivered by the watermaster to mitigate injury to members of the SWC. *See Order on Petition for Judicial Review*, Case No. 2008-551, at 19 (5<sup>th</sup> Jud. Dist. July 24, 2009); *see also Order Determining Deficiency in A&B Irrigation District’s Notice of Mitigation*, CM-DC-2010-001 & CM-MP-2015-003 (May 11, 2016).

14. On December 30, 2016, A&B submitted a letter to the Director stating that A&B’s intends “to curtail the enlargement water rights for the 2017 irrigation season.” Because A&B will curtail its enlargement water rights, A&B is not required to mitigate for its proportionate share of the reasonable carryover shortfall set forth in the Step 9 Order. A&B’s enlargement water rights shall remain curtailed pursuant to this order until A&B is notified by the Department that the order of curtailment has been modified or rescinded as to A&B’s rights.

## CONCLUSIONS OF LAW

1. Idaho Code § 42-602 authorizes the Director to supervise water distribution within water districts:

The director of the department of water resources shall have direction and control of the distribution of water from all natural water sources within a water district to the canals, ditches, pumps and other facilities diverting therefrom. Distribution of water within water districts created pursuant to section 42-604, Idaho Code, shall be accomplished by watermasters as provided in this chapter and supervised by the director. The director of the department of water resources shall distribute water in water districts in accordance with the prior appropriation doctrine. The provisions of chapter 6, title 42, Idaho Code, shall apply only to distribution of water within a water district.

2. As explained above, the Director concluded “by clear and convincing evidence that there is a 39,500 AF volume of material injury to [Twin Falls Canal Company’s] reasonable carryover.” *Step 9 Order* at 5. The Director ordered that “junior ground water users holding consumptive ground water rights within the [ESPA ACGWS] bearing priority dates junior to June 20, 1989, must mitigate for their proportionate share of the reasonable carryover shortfall of 39,500 AF in accordance with an approved mitigation plan” or the junior ground water rights will be subject to curtailment. *Id.* at 6.

3. By its December 22, 2016, letter, A&B did not satisfy to the Director its ability to mitigate for its proportionate share of the reasonable carryover shortfall in accordance with an approved mitigation plan. However, A&B’s December 30, 2016, letter advised the Director that A&B intends “to curtail the enlargement water rights for the 2017 irrigation season.” Accordingly, A&B’s junior-priority ground water rights listed in Attachment A will be curtailed pursuant to this order.

4. The SWID Plan was filed in accordance with CM Rule 43.03.o. Again, the SWC agreed in the SWID Plan that, in exchange for activities proposed therein, SWID’s members’ junior priority ground water rights should not be subject to curtailment in response to the SWC delivery call during the term of the SWID Plan. The SWID Plan was only effective through December 31, 2016. However, SWID and the SWC have requested that the Director approve an extension of the SWID Plan through December 31, 2017. *SWID’s Interim Mitigation Plan for 2017* at 2.

5. Like the SWID Plan, the Cities’ Plan was filed in accordance with CM Rule 43.03.o. The SWC agreed in the Cities’ Plan that the activities described therein will mitigate for any injury to the SWC’s water rights caused by the Cities’ ground water pumping and that the Cities’ water rights should not be subject to curtailment during the term of the Cities’ Plan. The Cities and SWC also agreed that other municipalities who pump ground water from the ESPA ACGWS could become participants of the Cities’ Plan pursuant to CM Rule 43.03.m. and that said municipalities should be protected from curtailment pursuant to terms of the plan. The

Cities' Plan was only effective through December 31, 2016. However, the Cities and the SWC have requested the Director approve an extension of the Cities' Plan through December 31, 2017. *Cities' Interim Mitigation Plan for 2017* at 3.

6. In accordance with CM Rule 43.02, "the Director will provide notice" of SWID's Interim Mitigation Plan for 2017 and the Cities' Interim Mitigation Plan for 2017 and consider the plans "under the procedural provisions of Section 42-222, Idaho Code." IDAPA 37.03.11.043.02.

7. Because the SWID Plan and the Cities' Plan are expired as of the date of this curtailment order, SWID and the Cities have not established, "to the satisfaction of the Director, their ability to mitigate for their proportionate share of the reasonable carryover shortfall of 39,500 AF in accordance with an approved mitigation plan." *Step 9 Order* at 6. SWID's junior-priority ground water rights and the Cities' junior-priority ground water rights, including junior-priority ground water rights held by other municipalities participating in the Cities' Plan, are listed in Attachment B and subject to curtailment pursuant to this order. However, the Director will stay curtailment of SWID's junior-priority ground water rights pending completion of administrative proceedings related to SWID's Interim Mitigation Plan for 2017 or until further order of the Director. The Director will also stay curtailment of the Cities' junior-priority ground water rights, and junior-priority ground water rights held by other municipalities participating in the Cities' Plan, pending completion of administrative proceedings related to the Cities' Interim Mitigation Plan for 2017 or until further order of the Director.

8. Like the SWID Plan and the Cities' Plan, the IGWA-SWC Plan was filed in accordance with CM Rule 43.03.o. Through the SWC-IGWA Plan, the SWC and IGWA members agree to numerous ongoing activities. In exchange, the SWC stipulated that, if the IGWA-SWC Plan is being implemented, the plan sufficiently mitigates for any material injury caused by the ground water users who belong to and are in good standing with a participating IGWA member. The SWC also stipulated that no ground water user participating in the IGWA-SWC Plan should be subject to a delivery call by SWC members. Due to the nature of the IGWA-SWC Plan, ground water users participating in conformance with the IGWA-SWC Plan, as identified to the Department by IGWA and listed in Attachment C, did not need to establish they can mitigate for their proportionate share of the reasonable carryover shortfall determined in the *Step 9 Order* and will not be curtailed pursuant to this order.

9. Junior-priority ground water users that hold water rights bearing priority dates junior to June 20, 1989, within the ESPA ACGWS, who are not participating in any approved mitigation plan are listed in Attachment D and subject to curtailment pursuant to this order.

## ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that A&B's ground water rights listed in Attachment A are curtailed.

IT IS FURTHER ORDERED that, while SWID's water rights listed in Attachment B are subject to curtailment pursuant to this order, curtailment of SWID's rights is STAYED pending completion of administrative proceedings related to SWID's Interim Mitigation Plan for 2017

or until further order of the Director. *See* IDAPA 37.01.01.780. If the Director approves SWID's Interim Mitigation Plan for 2017, the watermaster shall allow participants operating in conformance with the mitigation plan to continue ground water use out of priority. *See* IDAPA 37.03.11.040.01(b) and 02(b-c).

IT IS FURTHER ORDERED that, while the Cities' water rights listed in Attachment B are subject to curtailment pursuant to this order, curtailment of the Cities' rights is STAYED pending completion of administrative proceedings related to the Cities' Interim Mitigation Plan for 2017 or until further order of the Director. *See* IDAPA 37.01.01.780. If the Director approves the Cities' Interim Mitigation Plan for 2017, the watermaster shall allow participants operating in conformance with the mitigation plan to continue ground water use out of priority. *See* IDAPA 37.03.11.040.01(b) and 02(b-c).

IT IS FURTHER ORDERED that, while the water rights held by participants operating in conformance with the IGWA-SWC Plan listed in Attachment C are subject to curtailment pursuant to this order, the Director will not enforce curtailment of water rights listed in Attachment C. *See* IDAPA 37.03.11.040.01(b) and 02(b-c). As of the date of this order, the Department recognizes the water users listed in Attachment C are in conformance with the IGWA-SWC Plan. If the Department receives information establishing that a water user listed in Attachment C is not operating in conformance with the IGWA-SWC Plan, the Director will enforce curtailment of the junior-priority ground water right. *See* IDAPA 37.03.11.040.05.

IT IS FURTHER ORDERED that, at 12:01 a.m. on or before February 2, 2017, ground water users holding water rights bearing priority dates junior to June 20, 1989, within the ESPA ACGWS listed in Attachment D to this order shall curtail/refrain from diversion and use of ground water pursuant to those water rights until notified by the Department that the order of curtailment has been modified or rescinded as to their water rights.

IT IS FURTHER ORDERED that holders of ground water rights listed in Attachment D to this order may participate in an approved mitigation plan through a ground water district and shall have fifteen days to join, solely for mitigation purposes, the ground water district situated nearest the lands to which the water rights are appurtenant. *See* H.B. No. 737 (*Act Relating to the Administration of Ground Water Rights Within the Eastern Snake River Plain*, ch. 356, 2006, *Idaho Sess. Laws* 1089) and Idaho Code § 42-5259. Holders of ground water rights affected by this order may also submit a proposed mitigation plan to the Director in accordance with CM Rule 43. *See* IDAPA 37.03.11.043. Upon receipt of a proposed mitigation plan, the Director will publish notice for two successive weeks, after which ten days will be allowed for the filing of protests. The Director will then hold a hearing as necessary to determine whether a proposed mitigation plan will mitigate injury to the SWC caused by the ground water rights at issue. If holders of ground water rights affected by this order do not participate in an approved mitigation plan by February 2, 2017, the Director will curtail the junior-priority ground water use until the ground water user participates in an approved mitigation plan or until the Department notifies the ground water user that the order of curtailment has been modified or rescinded as to the user's water rights.

IT IS FURTHER ORDERED that watermasters for the water districts within the ESPA ACGWS who regulate ground water are directed to review the water rights listed in

Attachments A and D and begin contacting the water right holders in their respective districts to evaluate and determine how the water rights will be curtailed.

IT IS FURTHER ORDERED that this order shall apply to consumptive ground water rights, including but not limited to, agricultural, commercial, industrial, and municipal uses. This order excludes ground water rights used for *de minimis* domestic purposes where such domestic use is within the limits of the definition set forth in Idaho Code § 42-111 and ground water rights used for *de minimis* stock watering where such stock watering use is within the limits of the definitions set forth in Idaho Code § 42-1401A(11), pursuant to IDAPA 37.03.11.020.11.

Dated this 17<sup>th</sup> day of January, 2017.

  
GARY SHACKMAN  
Director

## CERTIFICATE OF SERVICE

I HEREBY CERTIFY that on this 17<sup>th</sup> day of January 2017, the above and foregoing, was served by the method indicated below, and addressed to the following:

## **EXPLANATORY INFORMATION TO ACCOMPANY A FINAL ORDER**

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 740.02)

The accompanying order is a "Final Order" issued by the department pursuant to section 67-5246, Idaho Code.

### **PETITION FOR RECONSIDERATION**

Any party may file a petition for reconsideration of a final order within fourteen (14) days of the service date of this order as shown on the certificate of service. **Note: The petition must be received by the Department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5246(4), Idaho Code.

### **REQUEST FOR HEARING**

Unless the right to a hearing before the director or the water resource board is otherwise provided by statute, any person who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action. The person shall file with the director, within fifteen (15) days after receipt of written notice of the action issued by the director, or receipt of actual notice, a written petition stating the grounds for contesting the action by the director and requesting a hearing. See section 42-1701A(3), Idaho Code. **Note: The request must be received by the Department within this fifteen (15) day period.**

### **APPEAL OF FINAL ORDER TO DISTRICT COURT**

Pursuant to sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by a final order or orders previously issued in a matter before the department may appeal the final order and all previously issued orders in the matter to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of: a) the service date of the final order, b) the service date of an order denying petition for reconsideration, or c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See section 67-5273, Idaho Code. The filing of an appeal to district court does not in itself stay the effectiveness or enforcement of the order under appeal.
