Re: Shape Files

Dear Director Spackman,

This letter is in response of the Departments request for the electronic shape files delineating the total irrigated acres within AFRD# 2's delivery boundary. Based on our records from previous years we haven't varied by more than 5% of the number of acres shown in the previous information filed by the District. If you have any questions please send us a copy of the Departments electronic shape files for AFRD# 2 and we will compare them with our records to make sure the information is correct.

Sincerely,

David Stephenson,
General Manager
