**ORDER REGARDING MID-
SEASON CHANGE TO AREA OF
COMMON GROUND WATER
SUPPLY FOR THE EASTERN
SNAKE PLAIN AQUIFER; THIRD
ORDER AMENDING
CURTAILMENT LIST**

BACKGROUND

During the 2024 legislative session, the Idaho Legislature passed, and the Governor signed into law, Senate Bill 1341. This bill codifies the boundary of the Eastern Snake Plain Aquifer Area of Common Ground Water Supply (“ESPA Area of Common Ground Water”), replacing the boundary found in Rule 50 of the Department’s *Rules for Conjunctive Management of Surface and Ground Water Resources* (“CM Rules”). IDAPA 37.03.11.050. The ESPA Area of Common Ground Water is the administrative boundary for the Surface Water Coalition (“SWC”) delivery call proceeding (Docket No. CM-DC-2010-001), the proceeding in which this order is being issued.¹

This order is necessary because Senate Bill 1341 becomes effective July 1, 2024, which is the middle of the 2024 irrigation season. There currently is a curtailment order in effect in the SWC delivery call proceeding, curtailing ground water rights junior to March 31, 1954. *See Final Order Curtailing Ground Water Rights Junior to March 31, 1954* (May 30, 2024) [hereinafter “*Curtailment Order*”]; *Order Am. Curtailment List* (June 6, 2024); *2d Order Am. Curtailment List* (June 20, 2024). Because the administrative boundary is changing mid-season, ground water rights that were not previously included in administration in the SWC delivery call will be included within the ESPA Area of Common Ground Water on July 1, 2024, and will be subject to administration in the SWC proceeding. Furthermore, some ground water rights that were previously subject to curtailment in the SWC delivery call will now be outside the ESPA Area of Common Ground Water on July 1, 2024, and will be excluded from administration in the SWC proceeding. The Director must now decide how to address the mid-season adjustment to the ESPA Area of Common Ground Water.

ANALYSIS

Senate Bill 1341 adds a new section to Idaho Code, Idaho Code § 42-233c. This new code section states in relevant part:

¹ Steps 2, 6, 7, and 9 of the *Sixth Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“*Sixth Methodology Order*”) contemplate that “[c]urtailment will be simulated within the area of common ground water supply as described by CM Rule 50.01.” *Sixth Methodology Order*, at 42, 44, 45.

The area having a common ground water supply for the eastern Snake plain aquifer, as that term is used in the administration of water rights pursuant to the rules for the conjunctive management of surface and ground water resources, is the aquifer underlying the eastern Snake river plain as described in model calibration report, eastern Snake plain aquifer model version 2.2. of May 2021.

2024 Idaho Sess. Laws ch. 110 § 1 (emphasis added).

In contrast, in Rule 50 of the CM Rules, the Department defined the ESPA Area of Common Ground Water as:

The area of coverage of this rule is the aquifer underlying the Eastern Snake River Plain as the aquifer is defined in the report, Hydrology and Digital Simulation of the Regional Aquifer System, Eastern Snake River Plain, Idaho, USGS Professional Paper 1408-F, 1992 excluding areas south of the Snake River and west of the line separating Sections 34 and 35, Township 10 South, Range 20 East, Boise Meridian.

IDAPA 37.03.11.050.01.

Administrative rulemaking is a statutory grant of authority by the legislative branch to the executive branch. *Idaho State Athletic Comm'n by & through Stoddard v. Off. of the Admin. Rules Coordinator*, 173 Idaho 310, 542 P.3d 718, 730 (2024). For over thirty years, and as recently as this year, the Idaho Supreme Court has held that administrative rules “do not rise to the level of statutory law’ and are ‘less than the equivalent of statutory law.’” *Blasch v. HP, Inc.*, 545 P.3d 581, 589 (Idaho 2024) (quoting *Idaho State Athletic Comm’n*, 542 P.3d at 732). Because administrative rules are “lesser than” statutes, no administrative rule can override a conflicting statute. *See id.*

Therefore, when the Idaho Legislature passed Senate Bill 1341, and redefined the ESPA Area of Common Ground Water, the Legislature effectively overruled the Department’s Rule 50 definition.

This redefinition causes the current administrative boundary for the SWC delivery call to both expand and contract. In other words, some ground water rights not previously subject to administration in the SWC delivery call will become subject to administration after July 1, 2024, and some ground water rights previously subject to administration in the SWC delivery call will no longer be subject to administration.

- I. *Ground water rights newly included in the ESPA Area of Common Ground Water as of July 1, 2024, will be phased-in to the SWC delivery call proceeding and will not be curtailed in 2024.*

When the ESPA Area of Common Ground Water is redefined as the ESPA model 2.2 boundary on July 1, 2024, 1,818 ground water rights previously not subject to administration in the SWC delivery call will become subject to administration. As discussed above, there is an ongoing curtailment order in the SWC delivery call. Pursuant to the curtailment order, certain water rights junior to March 31, 1954, are curtailed. *Curtailment Order*, at 9.

Under CM Rule 40, when a delivery call is made by a senior-priority water right holder, and the Director finds material injury is occurring, the Director shall either:

- a. Regulate the diversion and use of water in accordance with the priorities of rights of the various surface or ground water users whose rights are included within the district, provided, that regulation of junior-priority ground water diversion and use where the material injury is delayed or long range may, by order of the Director, be phased-in over not more than a five-year (5) period to lessen the economic impact of immediate and complete curtailment; or
- b. Allow out-of-priority diversion of water by junior-priority ground water users pursuant to a mitigation plan that has been approved by the Director.

IDAPA 37.03.11.040.01.a–b.

The water rights that are newly included in the ESPA Area of Common Ground Water that are junior to March 31, 1954, are listed in Attachment A to this order. The holders of ground water rights listed in Attachment A do not yet have a Department-approved mitigation plan. Therefore, these newly included water rights junior to March 31, 1954, would be curtailed under the current *Curtailment Order* on July 1, 2024. See IDAPA 37.03.11.040.01.a.

However, the Director finds that the material injury caused by the diversion and use of water under these newly included ground water rights is delayed or long range. The Director also finds that the economic impact of immediate and complete curtailment would be severe. The newly included ground water rights authorize many different beneficial uses, including irrigation, commercial, industrial, municipal, and domestic. However, the vast majority of both the number of water rights and the volume of ground water used are for irrigation. The Department has observed that the period necessary to submit, review, publish, and issue an order regarding a mitigation plan can vary greatly. Approval of an unopposed mitigation plan can occur as quickly as several months. Whereas a protested mitigation plan that is subject to a contested case proceeding and appeal process can take more than a year to resolve. The Director concludes that priority administration of these newly included ground water rights should be phased-in to provide the affected water users a reasonable time to implement a mitigation plan “to lessen the economic impact of immediate and complete curtailment.” IDAPA 37.03.11.040.01.a. Accordingly, the water rights junior to March 31, 1954, listed in Attachment A will not be subject to immediate curtailment this irrigation season. All water rights that are newly included in the ESPA Area of Common Ground Water are on notice that they will be subject to administration effective November 1, 2025.

II. Ground water rights newly excluded from the ESPA Area of Common Ground Water as of July 1, 2024, should be removed from the SWC delivery call curtailment list.

When the ESPA Area of Common Ground Water boundary is redefined on July 1, 2024, some ground water rights previously within the ESPA Area of Common Ground Water boundary will now be outside the boundary and will no longer be subject to administration in the SWC delivery call. Accordingly, effective July 1, 2024, the newly excluded water rights junior to March 31, 1954, should be removed from the curtailment list. These water rights are listed in Attachment B to this order. A new list of curtailed water rights will be issued with this order as Attachment C with the water rights listed in Attachment B removed.²

² Additionally, having received communications from Bonneville-Jefferson and American Falls-Aberdeen ground water districts that the following water rights are in good standing with the districts and protected by their approved mitigation plan, the Department has removed the following water rights from the curtailment list: 25-10794, 25-11143, 25-12186, 25-13978, 25-14165, 25-14170, 25-14234, 25-14235, 25-14287, 25-14304, 25-14313, 25-14327, 25-14389, 25-14394, 25-14457, 25-14468, 25-14478, 25-14482, 25-14490, 25-14491, 25-2119, 25-4048, ORDER REGARDING MID-SEASON CHANGE TO AREA OF COMMON GROUND WATER SUPPLY FOR THE EASTERN SNAKE PLAIN AQUIFER; THIRD ORDER AMENDING CURTAILMENT LIST—Page 3

ORDER

Based upon and consistent with the foregoing, IT IS HEREBY ORDERED that ground water rights newly included in the ESPA Area of Common Ground Water as of July 1, 2024, that are junior to March 31, 1954, will be phased-in to the SWC delivery call proceeding and will not be curtailed in 2024. A list of these rights is included as Attachment A to this order. All water rights that are newly included in the ESPA Area of Common Ground Water are subject to administration effective November 1, 2025.

IT IS FURTHER ORDERED that effective July 1, 2024, the water rights listed in Attachment B to this order are no longer subject to curtailment in association with the SWC delivery call proceeding. Effective July 1, 2024, all other ground water rights listed in Attachment C continue to be curtailed consistent with the timeframes listed in the May 30, 2024 *Final Order Curtailing Ground Water Rights Junior to March 31, 1954*.

Dated this 28th day of June 2024.

Water right 36-15565 is also being removed from the curtailment list because it is for a use that meets the definition of domestic under Idaho Code § 42-111(a).

The accompanying order is a "Final Order" issued by the department pursuant to section 67-5246, Idaho Code.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a final order within fourteen (14) days of the service date of this order as shown on the certificate of service. **Note: The petition must be received by the Department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5246(4), Idaho Code.

REQUEST FOR HEARING

Unless the right to a hearing before the director or the water resource board is otherwise provided by statute, any person who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action. The person shall file with the director, within fifteen (15) days after receipt of written notice of the action issued by the director, or receipt of actual notice, a written petition stating the grounds for contesting the action by the director and requesting a hearing. See section 42-1701A(3), Idaho Code. **Note: The request must be received by the Department within this fifteen (15) day period.**
