Docket No. CM-DC-2015-002

**ORDER APPROVING MODIFIED  
CERTIFICATE OF SERVICE**

**BACKGROUND**

On February 24, 2015, the Director (“Director”) of the Idaho Department of Water Resources (“Department”) received two conjunctive management water delivery call letters from counsel for members of the Big Wood & Little Wood Water Users Association. The Director initiated new contested case proceedings and assigned each delivery call letter its own docket number. The Big Wood Delivery Call was assigned docket no. CM-DC-2015-001. The Little Wood Delivery Call was assigned docket no. CM-DC-2015-002.

On March 20, 2015, the Department sent letters to ground water users the Department identified as potentially affected by one or both of the above-described delivery calls. The letters invited the water users to file a written notice with the Department if they planned to participate in delivery call proceedings. The Department received over 100 notices of intent to participate.

On May 13, 2015, the Director issued an *Order Governing Participation*, setting a deadline of May 27, 2015, for filing of written notices of intent to participate in the Big Wood and Little Wood Delivery Calls.

To reduce costs and resources associated with filings and mailings in these matters, the Director will approve the use of modified certificate of service documents.
