

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF DISTRIBUTION OF WATER
TO THE WATER RIGHT NOS. 36-02551 AND 36-
07694 (RANGEN, INC.)

IN THE MATTER OF THE MITIGATION PLAN
FILED BY THE IDAHO GROUND WATER
APPROPRIATORS FOR THE DISTRIBUTION OF
WATER TO WATER RIGHT NOS. 36-02551 AND
36-07694 IN THE NAME OF RANGEN, INC.

IN THE MATTER OF THE FOURTH MITIGATION
PLAN FILED BY THE IDAHO GROUND WATER
APPROPRIATORS FOR THE DISTRIBUTION OF
WATER TO WATER RIGHT NOS. 36-02551 AND
36-07694 IN THE NAME OF RANGEN, INC.

Docket No. CM-DC-2011-004
Docket No. CM-MP-2014-001
Docket No. CM-MP-2014-006

**ORDER GRANTING RANGEN'S
MOTION TO DETERMINE MORRIS
EXCHANGE WATER CREDIT;
SECOND AMENDED
CURTAILMENT ORDER**

PROCEDURAL BACKGROUND

On October 31, 2014, Rangen, Inc. ("Rangen"), submitted *Rangen, Inc.'s Motion to Determine Morris Exchange Water Credit and Enforce Curtailment* ("Motion"). Rangen asks the Director ("Director") of the Idaho Department of Water Resources ("Department") to recalculate the credit allotted to the Idaho Ground Water Appropriators, Inc. ("IGWA"), for the Morris Exchange Agreement and then to enforce the Director's previous curtailment order issued January 29, 2014. *Motion* at 1-2. In support of the Motion, Rangen submits the *Affidavit of J. Justin May in Support of Rangen, Inc.'s Motion to Determine Morris Exchange Water Credit and Enforce Curtailment* ("May Affidavit") which includes updated measurement data for the Martin-Curren Tunnel.

The Department's rules of procedure provide that any party opposing a motion shall file an answer to the motion within fourteen days of the filing of the motion. IDAPA 37.01.01.270.02. No parties filed an answer to the motion.

The Director finds, concludes and orders as follows:

FINDINGS OF FACT

1. On January 29, 2014, the Director issued the *Final Order Regarding Rangen, Inc.'s Petition for Delivery Call; Curtailing Ground Water Rights Junior to July 13, 1962* ("Curtailment Order") concluding Rangen is being materially injured by junior-priority ground water pumping.¹ *Id.* at 36.

2. In the Curtailment Order, the Director recognized that holders of junior-priority ground water rights may avoid curtailment if they participate in a mitigation plan which provides "simulated steady state benefits of 9.1 cfs to Curren Tunnel [sometimes referred to as the "Martin-Curren Tunnel"] or direct flow of 9.1 cfs to Rangen." *Id.* at 42. The Curtailment Order explains that mitigation by direct flow to Rangen "may be phased-in over not more than a five-year period pursuant to CM Rule 40 as follows: 3.4 cfs the first year, 5.2 cfs the second year, 6.0 cfs the third year, 6.6 cfs the fourth year, and 9.1 cfs the fifth year." *Id.*

3. The Director subsequently approved three mitigation plans submitted by IGWA, each recognizing credit for what is referred to as the Morris Exchange Agreement (sometimes referred to as the "Morris Exchange Water"). The history of the Morris Exchange Agreement is documented in the mitigation plan orders that have been issued. *See Amended Order Approving in Part and Rejecting in Part IGWA's Mitigation Plan; Order Lifting Stay Issued February 21, 2014; Amended Curtailment Order* ("First Mitigation Plan Order")(May 16, 2014); *Order Approving IGWA's Second Mitigation Plan; Order Lifting Stay Issued April 28, 2014; Second Amended Curtailment Order* ("Second Mitigation Plan Order")(June 20, 2014)²; *Order Approving IGWA's Fourth Mitigation Plan* ("Fourth Mitigation Plan Order")(Oct. 29, 2014).

4. For purposes of this Motion, it is only necessary to know that the Director granted IGWA credit for the Morris Exchange Agreement based upon a prediction of flows at the Martin-Curren Tunnel for the irrigation season. This prediction was based on an average of historical flow measurements from the years 2002 to 2013. *First Mitigation Plan Order* at 10. The Director predicted the average for 2014 would be 3.7 cfs. *Id.* The Director concluded the Morris Exchange Agreement would mitigate for depletions caused by ground water pumping for 293 days (April 1, 2014, through January 18, 2015). *Fourth Mitigation Plan Order* at 3. The Director approved credit through January 18, 2015, but also required curtailment of junior ground water users starting January 19, 2015, if additional mitigation water is not delivered on or before January 19, 2015. *Id.* at 21.

¹ The Curtailment Order is currently on appeal in *Rangen, Inc., v. IDWR*, Twin Falls County Case No. CV-2014-1338. Judge Wildman issued his *Memorandum Decision and Order on Petitions for Judicial Review* ("Memorandum Decision") on October 24, 2014, which affirmed the Director on a number of issues, but held the Director erred by applying a trim line to reduce the zone of curtailment. *Memorandum Decision* at 28. The Memorandum Decision is not yet final, but given that time is of the essence in this matter, this order should not be delayed. Depending on the outcome of the appeal in Case No. CV-2014-1338, aspects of this order may need to be revisited.

² The Second Mitigation Plan was appealed by Rangen in *Rangen, Inc., v. IDWR*, Twin Falls County Case No. CV-2014-2935. The District Court recently dismissed the matter as moot because IGWA withdrew the Second Mitigation Plan, but that decision is not yet final.

5. The Martin-Curren Tunnel measurements for April 15, 2014, through October 15, 2014, are now available. The actual average flow from the Martin-Curren Tunnel during that time period was less than predicted. The actual average flow was just 2.4 cfs. *See Memorandum from Dave Colvin, P.G. of Leonard Rice Engineers, Inc.* at 3 (Oct. 31, 2014) attached to the *May Affidavit* as Exhibit C.

6. Using the same approach employed by the Department, but with actual 2014 flow data, Rangen recalculated the credit computed for the Morris Exchange Agreement. Rangen determined the Morris Exchange Agreement would provide the required mitigation for only 184 days instead of 293 days. *Id.* Beginning on April 1, 2014, the additional 184 days of water from the Morris Exchange Agreement credit only extended through October 1, 2014. There is no mitigation credit for the time period from October 2, 2014 through January 18, 2015. *Id.* at 4. The shortfall between the predicted and actual Morris Exchange Agreement credit is equivalent to 476 acre-feet (2.2 cfs for 109 days).

CONCLUSIONS OF LAW

1. Idaho Code § 42-602, addressing the authority of the Director over the supervision of water distribution within water districts, provides:

The director of the department of water resources shall have direction and control of the distribution of water from all natural water sources within a water district to the canals, ditches, pumps and other facilities diverting therefrom. Distribution of water within water districts created pursuant to section 42-604, Idaho Code, shall be accomplished by watermasters as provided in this chapter and supervised by the director. The director of the department of water resources shall distribute water in water districts in accordance with the prior appropriation doctrine. The provisions of chapter 6, title 42, Idaho Code, shall apply only to distribution of water within a water district.

2. In addition, Idaho Code § 42-1805(8) vests the Director with authority to “promulgate, adopt, modify, repeal and enforce rules implementing or effectuating the powers and duties of the department.”

3. Rule 40 of the Department’s Rule of Conjunctive Management of Surface and Ground Water Resources states “[t]he Director, through the watermaster, shall regulate use of water within the water district pursuant to Idaho law and the priorities of water rights as provided in Section 42-604, Idaho Code ...” IDAPA 37.03.11.040.02. “If the holder of a junior-priority ground water right is a participant in such approved mitigation plan, and is operating in conformance therewith, the watermaster shall allow the ground water use to continue out of priority.” *Id.*

4. The Director previously concluded the Morris Exchange Agreement provided mitigation credit to IGWA through January 19, 2015, based on predicted Martin-Curren Tunnel flows. Because the 2014 Martin-Curren Tunnel flow data establishes that actual flows were less than predicted, the mitigation credit from the Morris Exchange Agreement must be reconsidered

and adjusted. The Director concurs with Rangen's calculations that the Morris Exchange Agreement credit has expired and that the Director must order curtailment to address the shortfall.

5. Sufficient time must be granted to junior ground water users to prepare for curtailment. Many of the junior ground water users diverting water this time of year are dairies and stockyards. It is not reasonable to order curtailment that would immediately eliminate what is likely the sole source of drinking water for livestock. Time should be afforded to allow these industries to sell or otherwise make plans for their livestock. Other water uses such as commercial and industrial water uses should also be afforded time to plan for elimination of what may be their sole source of water. This delay in curtailment is reasonable because instantaneous curtailment will not immediately increase water supplies to Rangen. The flow from the Martin-Curren Tunnel has been gradually declining over a number of years. Curtailment will not quickly restore the tunnel flows.

6. The Director concludes that sixty (60) days is a reasonable timeframe for junior ground water users to plan for curtailment. Sixty days from today is January 20, 2015. As described above, the Director previously ordered that junior ground water users be curtailed on January 19, 2015, once the Morris Exchange Agreement credit expired unless additional mitigation is provided. Junior ground water users should have already been planning for the contingency that curtailment could occur on January 19, 2015. For consistency, the Director will adopt January 19, 2015, as the curtailment date.

7. Junior ground water users may avoid curtailment by providing additional mitigation to make up the shortfall in the Morris Exchange Agreement credit. IGWA's currently approved Fourth Mitigation Plan may deliver mitigation water to Rangen on or before January 19, 2015. To forestall curtailment on January 19, 2015, the junior ground water users must deliver direct flow mitigation equal to an additional 3.3 cfs for the seventy-two (72) days between January 19, 2015, and March 31, 2015, for a total direct delivery requirement of 5.5 cfs starting January 19, 2015, and continuing through March 31, 2015.

ORDER

IT IS HEREBY ORDERED at 12:01 a.m. on or before January 19, 2015, users of ground water holding consumptive water rights bearing priority dates junior to August 12, 1973, listed in Attachment A to this order, within the area of common ground water, located west of the Great Rift, and within a water district that regulates ground water, shall curtail/refrain from diversion and use of ground water pursuant to those water rights unless notified by the Department that the order of curtailment has been modified or rescinded as to their water rights. This order shall apply to all consumptive ground water rights, including agricultural, commercial, industrial, and municipal uses, but excluding ground water rights used for *de minimis* domestic purposes where such domestic use is within the limits of the definition set forth in Idaho Code § 42-111 and ground water rights used for *de minimis* stock watering where such stock watering use is within the limits of the definitions set forth in Idaho Code § 42-1401A(11), pursuant to IDAPA 37.03.11.020.11.

IT IS FURTHER ORDERED that the watermasters for the water districts within the area of common ground water, located west of the Great Rift, and who regulate ground water, are directed to issue written notices to the holders of the consumptive ground water rights listed in Attachment A to this order. The water rights on the list bear priority dates equal or junior to August 12, 1973. The written notices are to advise the holders of the identified ground water rights that their rights are subject to curtailment in accordance with the terms of this order.

IT IS FURTHER ORDERED that, due to the shortfall in the Morris Exchange Agreement credit, to forestall curtailment on January 19, 2015, junior ground water users must deliver direct flow mitigation equal to an additional 3.3 cfs, for a total direct delivery requirement of 5.5 cfs starting January 19, 2015, and continuing through March 31, 2015.

IT IS FURTHER ORDERED that this is a FINAL ORDER of the agency. Any party may file a petition for reconsideration of this final order within fourteen (14) days of the service of this order. The agency will dispose of the petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law pursuant to Idaho Code § 67-5246.

IT IS FURTHER ORDERED that pursuant to sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by the final order or orders previously issued by the Director in this matter may appeal the final order and all previously issued orders in the matter to district court by filing a petition in the district court of the county in which a hearing was held, the final agency action was taken, the party seeking review of the order resides, or the real property or personal property that was the subject of the agency action is located. The appeal must be filed within twenty-eight (28) days: (a) of the service date of the final order; (b) of an order denying petition for reconsideration; or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. *See* Idaho Code § 67-5273. The filing of an appeal to district court does not in itself stay the effectiveness or enforcement of the order under appeal.

Dated this 21st day of November 2014.

GARY SPACKMAN
Director

EXPLANATORY INFORMATION TO ACCOMPANY A FINAL ORDER

(Required by Rule of Procedure 740.02)

The accompanying order is a "Final Order" issued by the department pursuant to section 67-5246 or 67-5247, Idaho Code.

Section 67-5246 provides as follows:

- (1) If the presiding officer is the agency head, the presiding officer shall issue a final order.
- (2) If the presiding officer issued a recommended order, the agency head shall issue a final order following review of that recommended order.
- (3) If the presiding officer issued a preliminary order, that order becomes a final order unless it is reviewed as required in section 67-5245, Idaho Code. If the preliminary order is reviewed, the agency head shall issue a final order.
- (4) Unless otherwise provided by statute or rule, any party may file a petition for reconsideration of any order issued by the agency head within fourteen (14) days of the service date of that order. The agency head shall issue a written order disposing of the petition. The petition is deemed denied if the agency head does not dispose of it within twenty-one (21) days after the filing of the petition.
- (5) Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:
 - (a) The petition for reconsideration is disposed of; or
 - (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.
- (6) A party may not be required to comply with a final order unless the party has been served with or has actual knowledge of the order. If the order is mailed to the last known address of a party, the service is deemed to be sufficient.
- (7) A non-party shall not be required to comply with a final order unless the agency has made the order available for public inspection or the nonparty has actual knowledge of the order.

(8) The provisions of this section do not preclude an agency from taking immediate action to protect the public interest in accordance with the provisions of section 67-5247, Idaho Code.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a final order within fourteen (14) days of the service date of this order as shown on the certificate of service. **Note: the petition must be received by the Department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5246(4) Idaho Code.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by a final order or orders previously issued in a matter before the department may appeal the final order and all previously issued orders in the matter to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days: a) of the service date of the final order, b) the service date of an order denying petition for reconsideration, or c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See section 67-5273, Idaho Code. The filing of an appeal to district court does not in itself stay the effectiveness or enforcement of the order under appeal.
