IGWA’s Third Mitigation Plan originally contained five components: 1) Sandy Ponds recharge and Sandy Pipe delivery; 2) improvements to the Curren Tunnel diversion; 3) direct delivery of water right no. 36-16976; 4) recirculation of Rangen water rights; and 5) the Aqualife Project. The third component (direct delivery of water right 36-16976) was dismissed by the Order Limiting Scope of Mitigation Plan; Limiting Scope of Hearing; Setting Deadline to Submit Engineering Plans issued July 25, 2014. There is presently no hearing set on the remaining components of the Plan.

IGWA respectfully asks the Director to schedule a hearing on the first component (Sandy Ponds/Sandy Pipe) of the Plan, thereby bifurcating it from any hearing that may be held on the remaining components. IGWA will file a motion requesting a hearing on the remaining components if and when IGWA attempts to proceed with such components.

In anticipation of this request, the Director scheduled a status conference Tuesday, October 21, 2014, at 10:00 a.m. at the IDWR State Office in Boise. IGWA asks that all parties to this matter appear at the status conference in person or by telephone to declare whether they intend to partici-
pate in the hearing on the first component (Sandy Ponds recharge and Sandy Pipe delivery) of the Third Mitigation Plan. Those who intend to participate should be prepared to discuss hearing dates. A copy of the Director’s availability calendar for this hearing is attached hereto as Exhibit A.

RESPECTFULLY SUBMITTED this 7th day of October, 2014.

RACINE OLSON NYE BUDGE & BAILEY, CHARTERED
