OF THE STATE OF IDAHO

IN THE MATTER OF THE MITIGATION
PLAN FILED BY THE CITY OF POCATELLO

) Docket No.: CM-MP-2015-001
)
)
) SURFACE WATER COALITION’S
) JOINT PROTEST
)
)

COME NOW, A&B IRRIGATION DISTRICT, AMERICAN FALLS RESERVOIR DISTRICT #2, BURLEY IRRIGATION DISTRICT, MILNER IRRIGATION DISTRICT, MINIDOKA IRRIGATION DISTRICT, NORTH SIDE CANAL COMPANY, and TWIN FALLS CANAL COMPANY, (hereinafter “Surface Water Coalition” or “SWC”), by and through their attorneys of record, Barker Rosholt & Simpson, LLP, and Fletcher Law Office and hereby file this Protest to the City of Pocatello’s (“Pocatello”) Rule 43 Mitigation Plan
filed with the Idaho Department of Water Resources ("Department") on April 7, 2015 pursuant to the provisions of Conjunctive Management Rule 43, IDWR Procedural Rule 250 and other applicable law.

The SWC is authorized to oppose the Mitigation Plan due to the fact that the Plan attempts to mitigate injury to the SWC’s senior surface water rights caused by Pocatello’s junior priority ground water rights. The initial bases for the SWC’s Protest are as follows:

1. The Mitigation Plan does not identify, with particularity, the water rights benefiting from the Mitigation Plan.

2. The Mitigation Plan does not identify, with particularity, any circumstances or limitations on the availability of the water supply proposed to be used for mitigation.

3. The Mitigation Plan does not identify that it will provide replacement water, at the time and place required by the SWC’s senior priority surface water rights, sufficient to offset the depletive effect of Pocatello’s ground water withdrawals on the Snake River at such time and place necessary to satisfy the SWC’s senior priority water rights.

4. The Mitigation Plan contains no “contingency provisions to assure protection of the senior-priority right in the event the mitigation water source becomes unavailable” and therefore violates Rule 43.03.c.

5. The Mitigation Plan does not identify how injury to the SWC’s right to reasonable carryover storage will be addressed.

6. In general, the Mitigation Plan is vague and ambiguous, does not provide for adequate mitigation, provides no certainty that the mitigation storage water will be delivered to prevent injury, does not provide a reliable source of replacement water, could result in the

---

1 The Coalition is filing this joint protest to maintain standing on Pocatello’s mitigation plan and future implementation. The Coalition and Pocatello are participating in good faith negotiations over the plan and, if successful, intend to file a stipulation to resolve this protest without the necessity of a formal administrative hearing.
diversion and use of ground water at a rate beyond the reasonably anticipated average rate of
future natural recharge and otherwise fails to adequately mitigate for injury caused by
Pocatello’s junior priority ground water rights.

7. For such other and further reasons as may be discovered or offered at the hearing
on this matter.

DATED this 24th day of May, 2015.
