**Re: A&B Irrigation District Mitigation / SWC Delivery Call / CM-DC-2010-001
& CM-MP-2015-003 / Follow up to Response to December 20, 2016 Order**

Dear Director Spackman:

I am writing on behalf of our client the A&B Irrigation District ("A&B" or "District") as a follow up to my December 22, 2016 letter.

I have conferred with manager Dan Temple and it is the District's intent to continue to curtail the enlargement water rights for the 2017 irrigation season. The District intends to continue to deliver surface water to lands formerly irrigated with groundwater that are now serviced by its recently installed second pumping plant and pipeline project.

It is my understanding that this notice will satisfy the recent request outlined in the *Final Order Denying A&B Irrigation District's Petition for Reconsideration* (December 20, 2016) and that A&B does not have to file a notice regarding secured storage water with the Water District 01 Watermaster.

Please advise if you have any questions. Happy New Year.
