**Re: Case Nos. CM-DC-2010-001, CM-MP-2016-001, and Sept. 7, 2022 Settlement Agreement
between IGWA and SWC**

Director Weaver:

At the May 3, 2024, status conference in the above referenced matters, the Director requested that IGWA notify the Director of its intent to comply with the Settlement Agreement dated September 7, 2022 (“2021 Remedy Agreement”) between IGWA and the SWC which resolved an alleged breach of the IGWA-SWC Settlement Agreement in 2021. The 2021 Remedy Agreement requires IGWA to deliver 15,000 acre-feet of storage water within 10 days after the Date of Allocation in 2024.

On May 6, 2024, American Falls-Aberdeen Ground Water District sent a letter notifying the Director that it will provide its share of the 15,000 acre-feet due under the 2021 Remedy Agreement. This letter confirms that IGWA will deliver the balance of the 15,000 acre-feet.

Sincerely,

T. J. BUDGE
