IDWR RESPONSE BRIEF
ON REHEARING

On October 8, 2009, the City of Pocatello and the Ground Water Users filed opening briefs on rehearing in the above-captioned matter. In this brief, the Idaho Department of Water Resources (“Department” or “Director”) will respond solely to the first issue identified by the Ground Water Users in their opening brief:

Whether the Court should clarify that the Director must decide the issue on methodology for determining material injury and reasonable carryover based exclusively upon facts and evidence contained in the current record without holding any additional hearings on this issue?

Ground Water Users’ Opening Brief on Rehearing at 2.

In his September 5, 2008 Final Order, former Director Tuthill did not describe his methodology for determining material injury to reasonable carryover and reasonable in-season demand. Instead, the former Director stated that he would “issue a separate, final order before the end of 2008 detailing his approach for predicting material injury to reasonable in-season demand and reasonable carryover for the 2009 irrigation season. An opportunity for hearing will be provided on the order.” R. Vol. 37 at 7386. This Court found that the Director’s decision to issue separate orders was improper. *Order on Petition for Judicial Review at 32.*

As noted by this Court, the separate order was issued on June 30, 2009, but is not part of the record in this proceeding. *Id.* It should also be noted that the June 30, 2009 order was issued as an interlocutory order in accordance with IDAPA 37.01.01.710. On November 5, 2009, the Director rescinded the June 30, 2009 interlocutory order. IDAPA 37.01.01.710.

Based on his review of the record, the Director agrees that sufficient information exists to issue an order determining material injury to reasonable carryover and reasonable in-season demand. The Director will work expediently to issue the order on material injury to reasonable carryover and reasonable in-season demand for review by this Court.

DATED this 6th day of November 2009.
