MOTION FOR CLARIFICATION AND RECONSIDERATION OF DENIAL OF REQUEST FOR
HEARING AND TO ENGAGE IN DISCOVERY – p. 1

(collectively the “Cities”), pursuant to IDAPA 37.01.01.740.02.b and 770 of the Department’s rules of procedure and hereby file this *Motion for Reconsideration and Clarification* of the August 23, 2023, *Order Denying Request for Hearing and Motion Authorizing Discovery* (“Order Denying Hearing”) and move for reconsideration of the Director’s order denying the Parties’ request for a hearing on the *Sixth Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“Sixth Methodology Order”).

ARGUMENT

1. The Cities seek clarification on the nature of the Sixth Methodology Order.

On July 19, 2023, the Director of the Idaho Department of Water Resources (“Department”) issued, as relevant here, two orders: a *Post-Hearing Order Regarding Fifth Amended Methodology Order* (“Post-Hearing Order”) and the *Sixth Methodology Order*. Rather than amending the Department’s April 21, 2023 *Fifth Amended Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“Fifth Methodology Order”), which was subject to a hearing on June 6-9, 2023, the Director chose to issue a new final order.

Idaho Code § 42-1701A(3) states in relevant part:

Unless the right to a hearing before the director . . . is otherwise provided in by statute, any person aggrieved by any action of the director, including any decision, determination, order or other action . . . who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action.

The Director denied the Parties’ request for a hearing on the *Sixth Methodology Order* because: “The parties have previously been afforded an opportunity for hearing on the issues identified related to the *Sixth Methodology Order* and are not entitled to a hearing pursuant

to Idaho Code § 42-1701A(3).” However, no hearing has actually been held on the *Sixth Methodology Order*. Thus, the Parties request clarification of the nature and status of the *Sixth Methodology Order*—is it, in fact, merely an “amended” *Fifth Methodology Order* that is ripe for immediate appeal?

2. Regardless of the answer to the clarification question above, the Parties seek reconsideration and clarification of the denial of the request to engage in discovery.

The Director has stated on numerous occasions that the SWC Delivery Call is a continuing contested case, requiring the Department to periodically update the Methodology Order, which is a “living document.” Tr. Hearing Vol. I, 18:21. The Director has also acknowledged on numerous occasions that the Department would consider data or analyses brought forward by the Cities in updating or applying the Methodology Order—even the *Order Denying Hearing* asserted that the Director would welcome “new information [developed by the Cities that] the Director may consider in the future.” *Id.* at 2-3 n.1.¹ The Parties have been down this road before, as their April 28, 2023 *Motion for Continuance*, which requested adequate time to conduct investigations prior to a hearing on the *Fifth Methodology Order*, was denied on the ground that the Director had sufficiently notified the junior groundwater users that changes to the *Fourth Methodology Order* were impending (i.e., they had had plenty of “opportunities” to develop data and analyses). *Order Denying the Cities’ Motion for Appointment of Independent Hearing Officer and Motion for Continuance and Limiting Scope of Depositions* at 2. To be adequately prepared for the hearing, however, the Cities needed authorization to access SWC’s lands, under IDAPA

¹ For example, at the *Fifth Methodology Order* hearing, the Director said at one point: “there have been opportunities for people to gather data; there have been opportunities for folks to take on responsibility to prepare [analyses].” Tr. Hearing Vol. IV, 205:12-14.

37.01.01.520.01.e and I.R.C.P. Rule 34, to develop data associated with the nature and extent of irrigation on SWC lands; the Cities also needed adequate time to analyze the results of these inspections and investigations. The Cities did not have such authorization prior to April 21, 2023, so any “presentations” that the “Department conducted” in fall 2022 fell far short of what was reasonably needed to prepare for the hearing on the *Fifth Methodology Order*. *Id.*

The instant request to engage in discovery reflects the Cities’ efforts to take seriously the Director’s invitation to present “new information” to the Department update the Methodology Order with the best available science, and to be prepared to challenge the Department’s application of the *Sixth Methodology Order* in 2024 on the basis of erroneous or outdated inputs. Accordingly, the Cities request that the Director reconsider his denial of the Cities’ request to conduct discovery.

However, if this is indeed a continuing contested case, perhaps no new order authorizing such discovery is necessary. In that case, the Cities seek clarification as to whether it is entitled to proceed with serving requests on SWC members notwithstanding the *Order Denying Hearing* and whether the SWC members are obligated to comply.

CANAL COMPANY ("Surface Water Coalition" or "Coalition"), by and through counsel of

Request for Hearing and to Engage in Discovery (“Motion”) filed on September 5, 2023.¹ The Coalition requests the Director to deny the Cities’ Motion for the reasons set forth below.

BACKGROUND

The Sixth Methodology Order was issued as a “final” administrative order subject to reconsideration and/or appeal to district court. *See* I.C. §§ 67-5246; 67-5270 to 5272; *see also*, Explanatory Information to Accompany a Final Order (attached to the Director’s Sixth Methodology Order). The Cities filed a notice of appeal and petition for judicial review concerning the Director’s related *Post-Hearing Order*, another order issued as part of the matter resulting in the Sixth Methodology Order. *See City of Idaho Falls et al. v. IDWR*, Fourth Jud. Dist., Ada County Dist. Ct., Case No. CV01-23-13238 (appeal filed August 16, 2023). IGWA filed a notice of appeal and petition for judicial review of various orders as well, including specifically the Sixth Methodology Order. *See IGWA v. IDWR*, Fourth Jud. Dist., Ada County Dist. Ct., Case No. CV01-23-13173 (appeal filed August 16, 2023). The Coalition of Cities and the City of Pocatello filed notices of appearance in that case. The two appeals are pending in district court and it is anticipated the cases will be consolidated.

ARGUMENT

I. The Director Properly Denied the Cities’ Request for Hearing.

The Cities request clarification of the Director’s Sixth Methodology Order claiming “no hearing has actually been held on the *Sixth Methodology Order*.” Motion at 2-3. Yet, the Cities’ feigned ignorance about the order is merely form over substance. The Cities fully participated in the contested case and administrative hearing that resulted in the issuance of the Sixth Methodology Order. They cannot dispute this fact. There is no basis to hold a second hearing

¹ The motion was filed the Coalition of Cities (cities of Bliss et al.), the City of Idaho Falls, and the City of Pocatello.

on the Sixth Methodology Order that fully addressed all of the information either presented at or before the administrative hearing. As such, the Director properly denied the requested hearing. *See Order Denying Request for Hearing and Motion Authorizing Discovery at 2-3.*

Moreover, the Cities have appealed the Director's *Post-Hearing Order* that addresses the issues raised on the Fifth Methodology Order, including the updated data the Director included in the Sixth Methodology Order. Although the Cities had a right to appeal the Sixth Methodology Order they failed to do so. Regardless, all of the Cities except Idaho Falls have appeared in IGWA's appeal of the Sixth Methodology Order.² Consequently, there is nothing to clarify and the petitions for judicial appeal will proceed pursuant to Idaho's civil rules.

II. The Director Properly Denied the Cities' Request for Discovery.

The Cities have also requested the Director to reconsider the denial of their motion to authorize discovery. *See Motion at 2-3.* Since the request for hearing was denied, the request to authorize discovery was properly denied as well. The Cities misconstrue this matter as a "continuing contested case" with no end. *Motion at 2.* Although the Director's methodology regarding the SWC delivery call may be updated at some point in time, that does not mean the prior contested cases resulting in "final orders" that have been appealed or are currently on appeal to the District Court are continuing *ad infinitum* as the Cities suggest. To find otherwise would keep the parties in a perpetual state of discovery, motion practice, and litigation, without any culminating hearing or end.³ Such a scenario has no basis in statute or rule and would be unduly burdensome and mire the parties in endless litigation expense.

² Whether the City of Idaho Falls will file a notice of appearance is unknown. If the cases are ultimately consolidated it may not matter as all parties will be participating.

³ It is curious why the Cities seem determined to re-litigate prior contested cases and outcomes in the face of their approved mitigation plan for the SWC delivery call and safe harbor from curtailment pursuant to the CM Rules. The request for discovery is unwarranted and would be overly burdensome in the context of what has already

Finally, the Cities' argument that they could not "adequately prepare" for the prior hearing is also erroneous and does not support their present reconsideration request. These arguments have been previously addressed by both the Director and the District Court. The Cities' continued efforts to "redo" prior contested cases is unwarranted and was properly denied by the Director. Since the final agency orders are presently on appeal to the district court, the agency should refrain from restarting contested cases as requested by the Cities.

CONCLUSION

The Cities have pointed to no new authority or information that would warrant reconsideration of the Director's August 23, 2023 order. The Coalition respectfully requests the Director to deny the Cities' Motion accordingly.

DATED this 19th day of September, 2023.

Docket No. CM-DC-2010-001

**ORDER DENYING CITIES'
MOTION FOR CLARIFICATION
AND RECONSIDERATION**

BACKGROUND

On June 6–9, 2023 a hearing was held on the Department’s April 21, 2023 *Fifth Amended Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“*Fifth Methodology Order*”). On July 19, 2023, Gary Spackman, the then-Director of the Idaho Department of Water Resources (“Department”), issued his *Post-Hearing Order Regarding Fifth Amended Methodology Order* (“*Post-Hearing Order*”) and *Sixth Final Order Regarding Methodology for Determining Material Injury to Reasonable In-Season Demand and Reasonable Carryover* (“*Sixth Methodology Order*”). The *Sixth Methodology Order* corrects data in the Department’s *Fifth Methodology Order* found to be in error during the hearing held in this matter. The *Sixth Methodology Order*, like the *Fifth Methodology Order*, comprises nine steps to determine material injury to members of the Surface Water Coalition (“SWC”).

On August 3, 2023, the Department received the *City of Pocatello’s, City of Idaho Falls’, and Coalition of Cities’ Request for Hearing and Order Authorizing Discovery* (“*Request for Hearing and Discovery*”). The *Request for Hearing and Discovery* asks the Director to hold a status conference to schedule a four-day hearing, pursuant to Idaho Code § 42-1701(A)(3), on the *Sixth Methodology Order. Request for Hearing and Discovery* at 2. The request also asks the Director for an order authorizing discovery, pursuant to IDAPA 37.01.01.521. *Id.* at 2–3. Four issues for hearing are identified in the *Request for Hearing and Discovery*:

- a) Whether the members of the Surface Water Coalition (“SWC”) operate reasonably and without waste;
- b) Whether the irrigated acreage numbers for the SWC members in the *Sixth Methodology Order* are accurate;
- c) Whether the number of acres irrigated with supplemental groundwater rights within the service areas of the SWC members can be accurately determined; [and]

d) Whether the number of acres irrigated with enlargement rights within the service areas of the SWC members can be accurately determined[.]

Id. at 2.

On August 22, 2023, the Department received the *Surface Water Coalition's Response to Cities' Request for Hearing and Order Authorizing Discovery* (“*SWC's Response*”). The *SWC's Response* requests the Director “deny or limit the Cities’ request for hearing and an order authorizing discovery” *SWC's Response* at 7.

On August 25, 2023, Director Spackman issued an *Order Denying Request for Hearing and Motion Authorizing Discovery* (“*Order Denying Request for Hearing*”). After quoting Idaho Code § 42-1701(3), the Director concluded that “[t]he parties have previously been afforded an opportunity for hearing on the issues identified related to the Sixth Methodology Order and are not entitled to a hearing pursuant to Idaho Code § 42-1701A(3).” *Order Denying Request for Hearing* at 2.

On September 5, 2023, the City of Pocatello, the City of Idaho Falls, and Coalition of Cities (collectively “Cities”) filed a *Motion for Clarification and Reconsideration of Denial of Request for Hearing and to Engage in Discovery* (“*Motion for Clarification and Reconsideration*”). The Cities “seek clarification on the nature of the Sixth Methodology Order.” *Motion for Clarification and Reconsideration* at 2. The Cities “request clarification on the nature and status of the Sixth Methodology Order – is it, in fact, merely an ‘amended’ Fifth Methodology Order that is ripe for immediate appeal?” *Id.* at 3. The Cities also ask that the Director also “reconsider his denial of the Cities’ request to conduct discovery.” *Id.* at 4.

On September 19, 2023, the SWC submitted *Surface Water Coalition's Response to Cities' Motion for Clarification and Reconsideration* (“*SWC's Response to Motion for Clarification*”). The SWC argues the Director correctly denied the Cities’ request for hearing and request for discovery and urges the Director to deny the latest request. *SWC's Response to Motion for Clarification* at 2–4.

ANALYSIS AND CONCLUSIONS OF LAW

A. Motion for Clarification and Reconsideration.

Idaho Code § 42-1701A(3) states in relevant part:

Unless the right to a hearing before the director . . . is otherwise provided by statute, any person aggrieved by any action of the director, including any decision, determination, order or other action . . . who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action.

ORDER DENYING CITIES’ MOTION FOR CLARIFICATION AND
RECONSIDERATION—Page 2

The Director denies the *Cities' Motion for Clarification and Reconsideration* because there is nothing unclear about the *Order Denying Request for Hearing*. As was stated in the *Order Denying Request for Hearing*, “[t]he parties have previously been afforded an opportunity for hearing on the issues identified related to the Sixth Methodology Order and are not entitled to a hearing pursuant to Idaho Code § 42-1701A(3).” *Order Denying Request for Hearing* at 2. The *Sixth Methodology Order* is an order issued after a hearing in response to the issues raised by the parties at hearing. The Cities ask whether “the *Sixth Methodology Order* – is it, in fact, merely an ‘amended’ Fifth Methodology Order.” *Motion for Clarification and Reconsideration* at 3. The title of the order does not matter. What matters is that the Cities have previously been afforded an opportunity for a hearing on the issues. Because the parties were recently afforded a hearing on the issues, the parties are not entitled to another hearing at this time. I.C. § 42-1701A(3).

B. Motion to Authorize Discovery.

Because the request for an order authorizing discovery was made as part of an improper request for hearing, the Director will not consider the request for discovery.

ORDER

IT IS HEREBY ORDERED that the *Motion for Clarification and Reconsideration of Denial of Request for Hearing and to Engage in Discovery* is DENIED.

DATED this 25th day of September 2023.

MATHEW WEAVER
Director

EXPLANATORY INFORMATION TO ACCOMPANY AN ORDER DENYING PETITION FOR RECONSIDERATION

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 740.02)

The accompanying order is an **Order Denying Petition for Reconsideration** of the "final order" or "amended final order" issued previously in this proceeding by the Idaho Department of Water Resources ("department") pursuant to section 67-5246, Idaho Code.

REQUEST FOR HEARING

Unless the right to a hearing before the director or the water resource board is otherwise provided by statute, any person who is aggrieved by the action of the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the action. The person shall file with the director, within fifteen (15) days after receipt of written notice of the action issued by the director, or receipt of actual notice, a written petition stating the grounds for contesting the action by the director and requesting a hearing. See section 42-1701A(3), Idaho Code. **Note: The request must be received by the Department within this fifteen (15) day period.**

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by a final order or orders previously issued in a matter before the department may appeal the final order and all previously issued orders in the matter to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of: a) the service date of the final order, b) the service date of an order denying petition for reconsideration, or c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See section 67-5273, Idaho Code. The filing of an appeal to district court does not in itself stay the effectiveness or enforcement of the order under appeal.
