RE: Follow-up to IDWR's Response to Big Sky's March 14, 2024, Letter In re Application for Permit Nos. 63-34403, 63-34652, 63-34897, and 63-34900, in the Name of Cat Creek Energy LLC

Mr. Barrett:

On May 1, 2024, I sent you a letter in response to your letter dated March 14, 2024, regarding four permit applications to appropriate water filed by Cat Creek Energy, LLC ("CCE"). In my May 1 letter, I concluded that your letter is a "communication regarding [a] substantive issue" and that you are a member of the "general public" in accordance with the Department's Rules of Procedure (IDAPA 37.01.01.414). As such, I instructed you to send a copy of your March 14 letter to all parties on record. Unfortunately, the certificate of service enclosed with my May 1 letter was not the most current certificate of service.

Enclosed with this letter is the current certificate of service in the CCE contested case proceedings. Please ensure you serve a copy of your March 14 letter to the current parties and include a copy of this letter in that service.

The Department's Rules of Procedure (IDAPA 37.01.01) are available from the Department upon request or can be viewed online here: <https://adminrules.idaho.gov/rules/current/37/370101.pdf>.

Respectfully,
