OF THE STATE OF IDAHO**

IN THE MATTER OF STREAM CHANNEL)
ALTERATION PERMIT NOS. S82-20069,)
S82-20091, S82-20080)
_____)

Docket No. P-SCAP-2019-001

**IDAHO CONSERVATION
LEAGUE MOTION TO
WITHDRAW**

Following the second prehearing conference held in this matter on August 15, 2019, ICL deliberated internally and determined that the issues we raised in our July 2, 2019 and July 19, 2019 petitions are moot, given the expiration of the stream alteration permits at issue and the conclusion of the suction dredge season on August 15. Idaho Department of Water Resources Director Spackman raised this point during the prehearing conference, and we agree that this is the case.

With the issues being moot at this time and in the interest of saving time and resources, ICL submits this Motion to Withdraw and recommends the Director cancel the hearing scheduled for October 22-23, 2019 and close this docket.

DATED this 3rd day of September, 2019.

Respectfully,

Matthew Nykiel
Idaho Conservation League
