Dear Mr. Beus:

Enclosed are six reports documenting the program changes to the Snake Store Program for the Upper Snake River. The first change is to add American Falls Winter Water Savings. The second is to change the method carryover is distributed to reservoirs. The change eliminates the requirement to remove storage from the first 200,000 acre-feet of Jackson Lake before storage is removed from Lake Walcott, American Falls, and Palisades.

Sincerely,

Pamela Pace, P.E.
Technical Hydrologist
