BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO

IN THE MATTER OF DISTRIBUTION OF
WATER TO WATER RIGHTS NOS. 36-02356A,
36-07210, AND 36-07427

ORDER ON REQUESTS FOR
HEARING, STAY, RECONSIDERATION, INDEPENDENT
HEARING OFFICER,
DISCOVERY, and PETITIONS
FOR INTERVENTION
(Blue Lakes Delivery Call)

Background and Petitions

On May 19, 2005, responding to a letter dated March 22, 2005, from Gregory Kaslo of
Blue Lakes Trout Farm, Inc. ("Blue Lakes"), in which Blue Lakes sought administration of water
rights in Water District No. 130, the Director of the Department of Water Resources ("Director"
or "Department") issued an order ("Order") in the above captioned matter. The Order was a
final order of the Department. Because the Director issued the Order before an opportunity for
hearing, the Order stated that "[a]ny person aggrieved by the Order shall be entitled to a hearing
before the Director to contest the action pursuant to Idaho Code § 42-1701A(3)." Order at p. 31.

The Idaho Ground Water Appropriators, Inc. ("IGWA") filed a Petition to Intervene on
May 25, 2005, and a Petition for Reconsideration on June 2. Also on June 2, the State Agency
Ground Water Users ("SAGWU") filed a Petition to Intervene and a Petition for
Reconsideration, Hearing and Stay. On June 3, 2005, Blue Lakes filed a Petition Requesting:
Hearing May 19, 2005 Order, Independent Hearing Officer and Discovery, and the Idaho Power
Company ("IPCO") filed a Petition for Hearing and Request for Independent Hearing Officer.1
On June 6, 2005, the Director granted IGWA’s Petition to Intervene. Order Regarding IGWA’s
Petition to Intervene. The Idaho Dairymen’s Association ("IDA") filed a Petition to Intervene
on June 8, 2005.

Request for Independent Hearing Officer

Citing Idaho Code § 42-1701A(2), Blue Lakes requests that the Director appoint an
independent hearing officer to conduct the hearing in this proceeding.

1 IPCO is denied party status in this matter based upon the findings, conclusions, and determinations contained in
the Director’s Order of July 22, 2005, in the Matter of Distribution of Water to Various Water Rights Held by or
for the Benefit of A&J Irrigation District, American Falls Reservoir District #2, Burley Irrigation District, Milner
Irrigation District, Minidoka Irrigation District, North Side Canal Company, and Twin Falls Canal Company
("the Surface Water Coalition").
The grounds for Blue Lakes' request can be summarized as follows: (1) the Director cannot be unbiased in a proceeding where his own findings of fact, conclusions of law, and actions are contested; (2) the Director’s extensive personal involvement in the development of the Order precludes his objective review; and (3) neither the Director nor employees of the Department possess the requisite independence necessary for the requested hearing.

The grounds relied upon by Blue Lakes as a basis for requesting appointment of an independent hearing officer imply that the hearing on the May 19 Order is for the purpose of providing an independent review of the Order issued by the Director. That is not the purpose of the hearing. Because the Director issued the Order before an opportunity for hearing, a hearing is now being provided pursuant to Idaho Code § 42-1701A(3). The hearing provides an opportunity for any party to demonstrate to the Director through the introduction of evidence and the presentation of legal argument why he should modify the Order before it is subjected to an independent review before the district court on a petition for judicial review.

Idaho Code § 42-1701A(2) provides that the appointment of an independent hearing officer is at the “discretion” of the Director. Based upon the reasons set forth below, the Director concludes that the request for appointment of an independent hearing officer should be denied.

Under Idaho Code § 42-602, the Director has the “direction and control of the distribution of water from all natural water sources within a water district.” Idaho Code § 42-231 provides that the Director has the duty “to control the appropriation and use of the ground water of this state. . .” Since the delivery call involves ground water sources and sources of water within water districts, only the Director has the authority to grant the type of relief requested by Blue Lakes. Moreover, the appointment of an independent hearing officer would result in delay because such an officer could only draft a recommended order for ultimate review by the Director, which would then be subject to review or modification. Because of the uncertainty among holders of water rights regarding the conjunctive administration of surface and ground water sources, the delay associated with the appointment of an independent hearing officer would not serve the best interests of water users generally. Therefore, the Director denies the request to appoint an independent hearing officer.

**Petitions to Intervene**

The Idaho Dairymen’s Association filed a timely *Petition to Intervene* on July 8, 2005. See IDAPA 37.01.01.352. The IDA sought intervention in accordance with Rules 200, 230, 300, 301, 350, and 352, IDAPA 37.01.01, of the Department’s Rules of Procedure. Because more than seven days have passed since the IDA filed its Petition to Intervene, the Director may rule on the merits of the petition. IDAPA 37.01.01.354.

According to IDAPA 37.01.01.353,

If a timely-filed petition to intervene shows direct and substantial interest in any part of the subject matter of a proceeding and does not unduly broaden the issues, the presiding officer will grant intervention, subject to reasonable conditions, unless the applicant’s interest is adequately represented by existing parties. If it appears that an intervenor has
no direct or substantial interest in the proceeding, the presiding officer may dismiss the intervenor from the proceeding.

IDA members hold ground water rights that are subject to curtailment in accordance with the Director's Order. Therefore, the IDA has a direct and substantial interest in the subject of the proceedings that may not be adequately represented by the present parties. Because the interests of the IDA will not unduly broaden the issues, the IDA is granted intervention the above captioned matter.

The Petition to Intervene filed by the State Agency Ground Water Users need not be addressed because SAGWU also filed a timely request for hearing in this matter pursuant to Idaho Code § 42-1701A(3) on June 2, 2005.

ORDER

Based upon review of the petitions, IT IS HEREBY ORDERED as follows:

1. The requests by Blue Lakes Trout Farm, Inc. and the State Agency Ground Water Users for a hearing regarding the Order are GRANTED. The request by the Idaho Power Company for a hearing is DENIED.

2. The request by Blue Lakes Trout Farm, Inc. for appointment of an independent hearing officer to preside over the hearing in this matter is DENIED.

3. The request by the Idaho Dairymen's Association for intervention in this matter is GRANTED.

4. All other requests for relief identified in this Order, including the requests for reconsideration, for a stay, and to conduct discovery, are subsumed by and will be addressed through the process of providing a hearing on the objections to the Order.

5. A status conference in this matter is scheduled for August 16, 2005, at 10 a.m. at the offices of the Idaho Department of Water Resources, Boise, Idaho. The details of the status conference are set forth in a separate Notice of Status Conference dated July 29, 2005.

DATED this 29th day of July 2005.

KARL J. DREHER
Director
CERTIFICATE OF SERVICE

I HEREBY CERTIFY that on this day of July, 2005, the above and foregoing document was served by placing a copy of the same in the United States mail, postage prepaid and properly addressed to the following:
