RE: Notice of Amended Curtailment Order – Rangen Delivery Call

Dear Water User:

The Director of the Idaho Department of Water Resources (“Department”) has issued an Amended Curtailment Order (“Amended Order”) in the Rangen Delivery Call. The Amended Order requires the holders of consumptive ground water rights bearing priority dates junior or equal to July 1, 1983, to curtail or refrain from diverting ground water under those rights beginning at 12:01 a.m. on May 5, 2014. The records of the Department indicate that you are the holder of one or more consumptive ground water rights bearing a priority date junior or equal to July 1, 1983.

The Director’s Amended Order of April 11, 2014, lifts his temporary stay of curtailment issued on February 21, 2014, and partially approves a mitigation plan submitted by the Idaho Ground Water Appropriators, Inc. (“IGWA”)¹. The approved portion of IGWA’s mitigation plan falls short of supplying the annual mitigation requirement established by the Director’s original January 28, 2014 Curtailment Order. Curtailment is necessary to cover the shortfall.

The Amended Order affects consumptive ground water rights for irrigation, commercial, industrial, municipal, non-exempt domestic and stockwater use, and other consumptive uses. Non-consumptive uses and culinary in-house uses of water are not subject to curtailment.

A copy of the Amended Order and related information may be found on the Department’s website at www.idwr.idaho.gov under the “What’s New” tab and the “Rangen Curtailment Order” sub-heading. If you have questions concerning the curtailment, please contact us at the above phone numbers or contact the Department’s State Office in Boise at 208-287-4800. Water District 140 will notify you again if there are any changes regarding curtailment. You may also check the Department’s website for additional updates or information.

¹IGWA member ground water districts and irrigation districts located within Water District 140 and the affected area of the Rangen Curtailment Order include the Southwest and Goose Creek Irrigation Districts and the Magic Valley Ground Water District.
