Water Rights:

RE: Stay of Curtailment – Rangen Delivery Call

Dear Water User:

Curtailment of the above referenced water right(s) is suspended until February 7, 2015 in response to the *Order Granting Motion to Stay Curtailment Order* ("Stay Order") issued by Idaho District Court Judge Eric Wildman on January 22, 2015.

The Idaho Department of Water Resources ("Department") sent notice to you on January 20, 2015 advising that water use under the above referenced right(s) must be curtailed. The Stay Order (attached) requires the Idaho Ground Water Appropriators, Inc.'s ("IGWA") to complete the Rangen delivery call mitigation project on or before February 7, 2015. The Director of the Department previously approved the mitigation project with a completion deadline of January 19, 2015. The Stay Order extends the deadline to February 7, 2015.

You may continue diversion and use of water in accordance with the above referenced water right(s) unless further notified by the Department.

Information regarding the ongoing status of this matter may be found on the Department's website at www.idwr.idaho.gov and using the "Rangen Curtailment Status" link under the "What's New" heading on the home page. Questions concerning this notice may be directed to the Department's State Office in Boise at 208-287-4800, the Water District 130 watermaster (Cindy Yenter, 208-736-3033) or the Water District 140 watermaster (Brian Higgs, 208-604-1280).

Respectfully,

Gary Spackman, IDWR Director
