Nick –

Please supplement my 6/28/19 letter with the attached email which provides further support. Elmore County will assume that this information satisfies condition 23 unless we are notified within 30 days. Thanks for your help with this matter.

Scott –

I have talked with IDL regarding the documentation the Elmore County Commissioners need to satisfy one of the conditions on their recently-acquired water right permit. I have asked IDL to communicate directly with you to provide the appropriate documentation – it appears that there was a condemnation in the early 1900's that may resolve the issue.

I've copied Ryan Montoya, Bill Haagenson and Michele Anderson with IDL on this email. One of them will be reaching out to you.
