4	:	4	THE HEARING OFFICER: So today is January

7	x	8	The roster of attendance indicates that
, 8		9	Mr. Ted Diehl would like to make a statement at
9	5	10	this time.
٥.		11	MR. DIEHL: No, I will just ask some

1.5	January 15, 1986, 7:20 p.m.	15	MR. DIEHL: (No audible response.)
L 5		16	THE HEARING OFFICER: Mr. Burkes, do yo
.7		17	want to make a statement?
_	MINI-AUDITORIUM, COLLEGE OF SOUTHERN IDAHO	18	MR. BURKES: I think I might.
L8 L9	TWIN FALLS, IDAHO	19	THE HEARING OFFICER: Okay.
20		20	MR. BURKES: My name is Robert Burkes. I a

Ş	ROBERT BURKES	3	that rises from the springs will furnish the trust
4	JOHN COURTNEY(phonetic)	4	water, plus also an access, that then can be filed
5	JOHN COOKINET (phonone)	5	on further downstream. In my particular area
_	* * * * *	6	south of Wendell, there are farmers that are less
6		7	than four miles from the river who have plans ar
7		8	have wanted to put in deep wells and have been
8		9	held up because of the Idaho Power moratorium
9		10	But my argument is that it would be no different
10		11	than pumping from the excess trust water than it
11		12	would to be pumping from the aquifer. Just
12	•	13	because a man's farm is within the limits of four
13		14	miles and his neighbor across the mile road wou
14		15	be able to drill a well, they have to meet all
15		16	these certain requirements, too. But I feel that
16		17	those people are being discriminated against
17 18	•	18	because they live less than four miles from the
19	i	19	river. There isn't a great amount of acreage, but
20		20	those that have plans feel like that this just
20 21		21	isn't fair.
22	· · · · · · · · · · · · · · · · · · ·	22	Thank you.
23		23	THE HEARING OFFICER: Could I ask a
	· · · · · · · · · · · · · · · · · · ·	24	clarifying question on that? Mr. Burkes, would
24		25	you feel that we should alter that for groundwate

Page 5 Page 7 1 only or for surface water as well? Would it be 1 And question 2, would this Paragraph 9 2 2 both or just the one? tend to tie up or discourage the use of water that 3 3 MR. BURKES: Speaking for my people, all I'm would become, in regard to consumptive uses, 4 concerned in is the groundwater, which, of course, 4 unappropriated after passing through the Idaho 5 in that reach of the river there are large springs Power Company's Bliss plant, that being the 6 6 that also go into the river. And those people difference between the Bliss plant right for 7 7 making filings on that, that doesn't concern the 15,000 cubic feet per second and the Swan Falls 8 people that I am involved with. And they feel 8 plant right for 8.400 cubic feet per second? Many 9 9 years in the past during the spring irrigation that, just because they live within four miles of 10 the river, that they should also be discriminated 10 month of April, May, and June, there has been 11 against, and, yet, that they should be allowed to 11 several thousand cubic feet per second of water 12 put in deep wells for irrigation. 12 flow registered at the Murphy Gage in excess of 13 13 THE HEARING OFFICER: Okay. Thank you. 8,400 cubic feet per second. 14 14 Appreciate your comment. Question 3, would this Paragraph 9 15 15 discriminate against citizens within the four Mr. Courtney(phonetic), do you have a 16 comment for us? 16 miles from Snake River area between Milner Dam and MR. And I am not comfortable 5 THE HEARING OFFICER: Thank you. We will 6 6 research that, the question you're asking there, with Rule 5, Section 3, Paragraph 9, if that's how 7 7 you state it, now. and consider that as we put together the rules 8 THE HEARING OFFICER: I understand which one 8 that are to be adopted. I didn't know how to state 11 THE HEARING OFFICER: Thank you. it because it's just by numbers. 12 MR. COURTNEY: Thank you. 12 13 13 THE HEARING OFFICER: Are there others that I interpret all water referred to under 14 14 Rule 5, Section 3 as being trust water and that it would like to make a statement this evening? 15 does not include unappropriated or public water, 15 Okay. Hearing none, I would simply 16 which, in the past, has constituted a considerable 16 remind you of the hearing tomorrow in Boise and 17 amount of the Snake River flow especially during 17 the opportunity to file written statements through 18 spring runoff. The questions are, is this 18 the 27th of January. And at this point we will go 19 19 Paragraph 9 unnecessary, impractical, and a off the record. And if you wish to ask questions 20 miscarriage of justice from the standpoint that 20 and discuss the issues, we'd be happy to do that. 21 21 much of this water could as easily be diverted (End of proceeding.) 22 above Milner Dam or outside the four-mile limit 22 -o0o-23 23 considering that Idaho Power Company has filings 24 24 for 17,250 cubic feet per second at their lower 25 Salmon Falls plant? 25
