

Wood River Groundwater Model Development: Preliminary Transient Recharge: Non-Irrigated Land

Presented by Mike McVay, P.E., P.G.
Wood River MTAC October 2, 2014

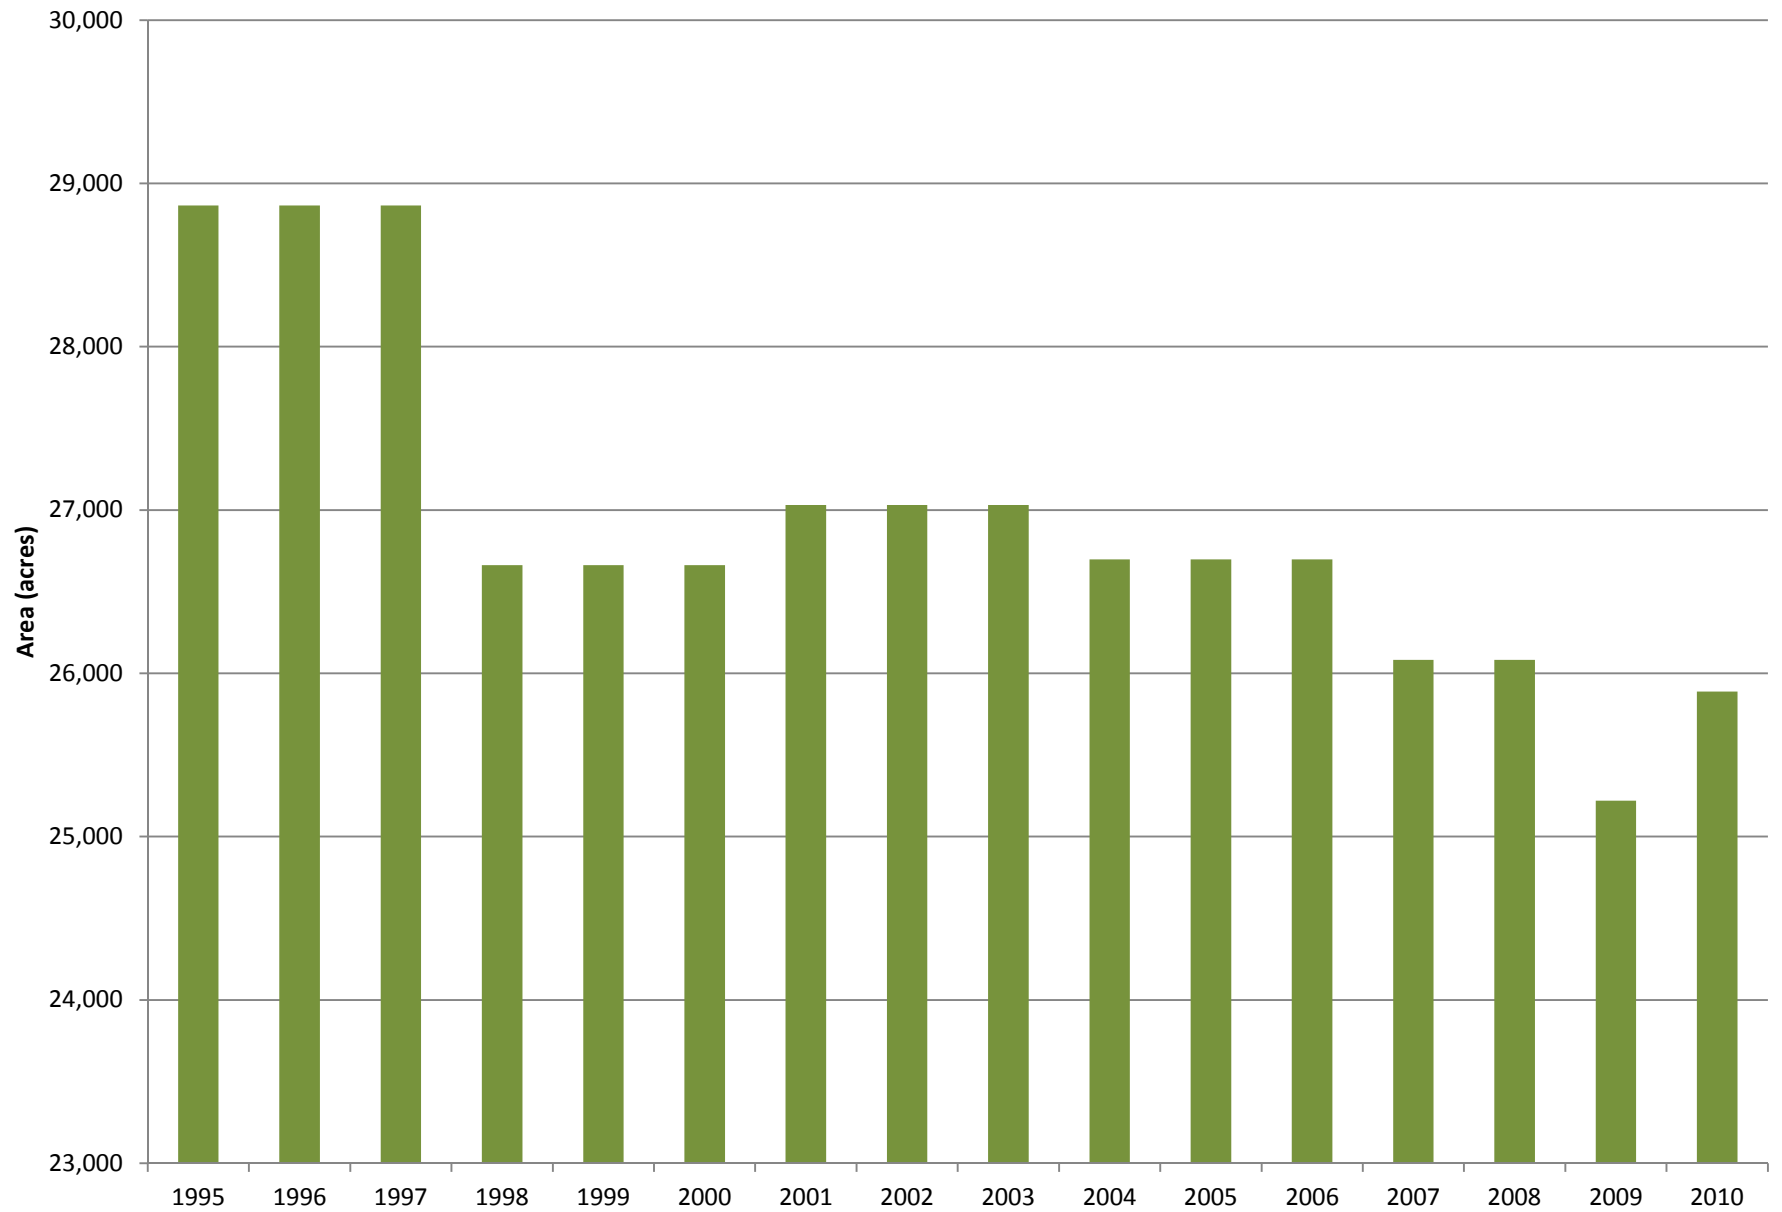

Important Points

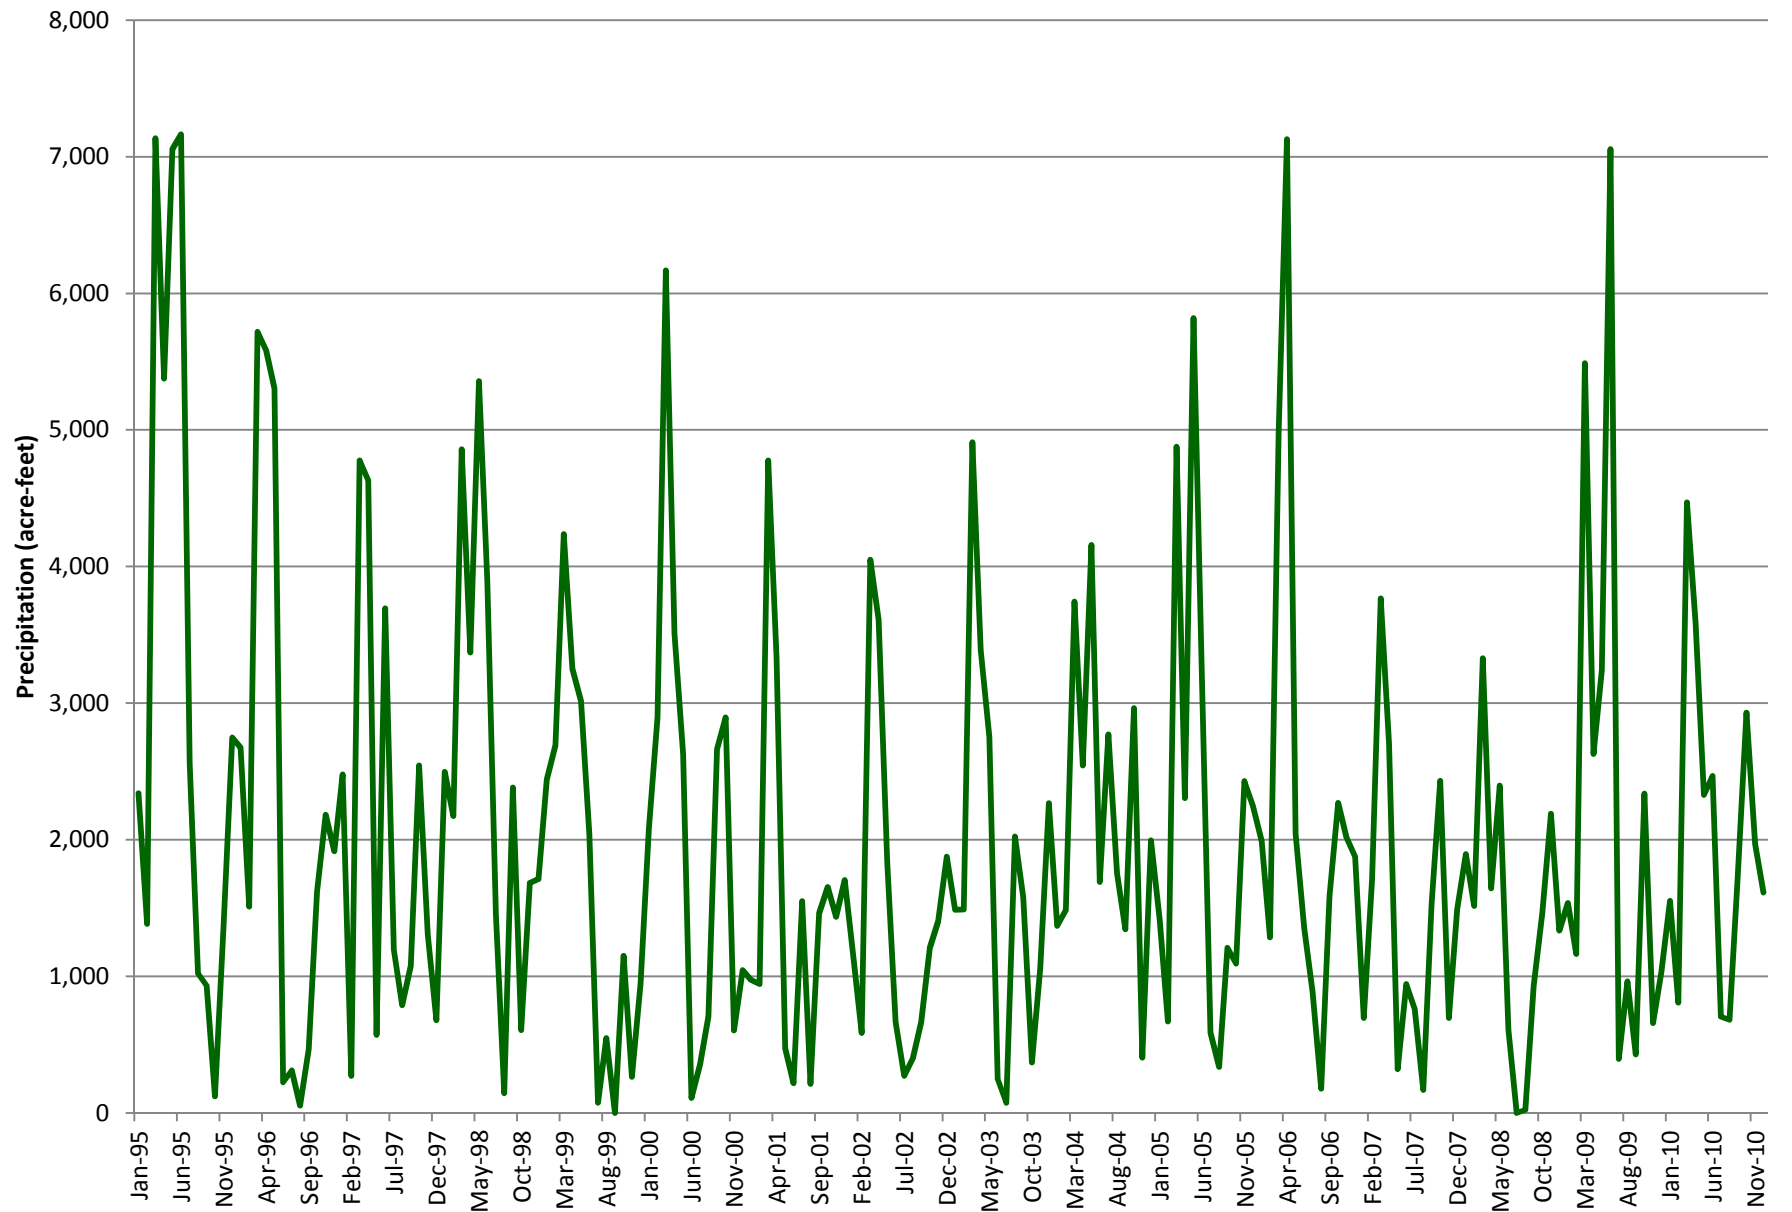

- **ALL VALUES ARE PRELIMINARY DATA FROM 9/26/2014**
- Monthly time-series for 1995-2010
 - Area classified as non irrigated (Wetlands, Riparian, Rangeland)
- Annual volumes for calendar years 1995-2010
 - Total Volumes summed over model domain
 - ET, Precipitation, and Recharge on all lands

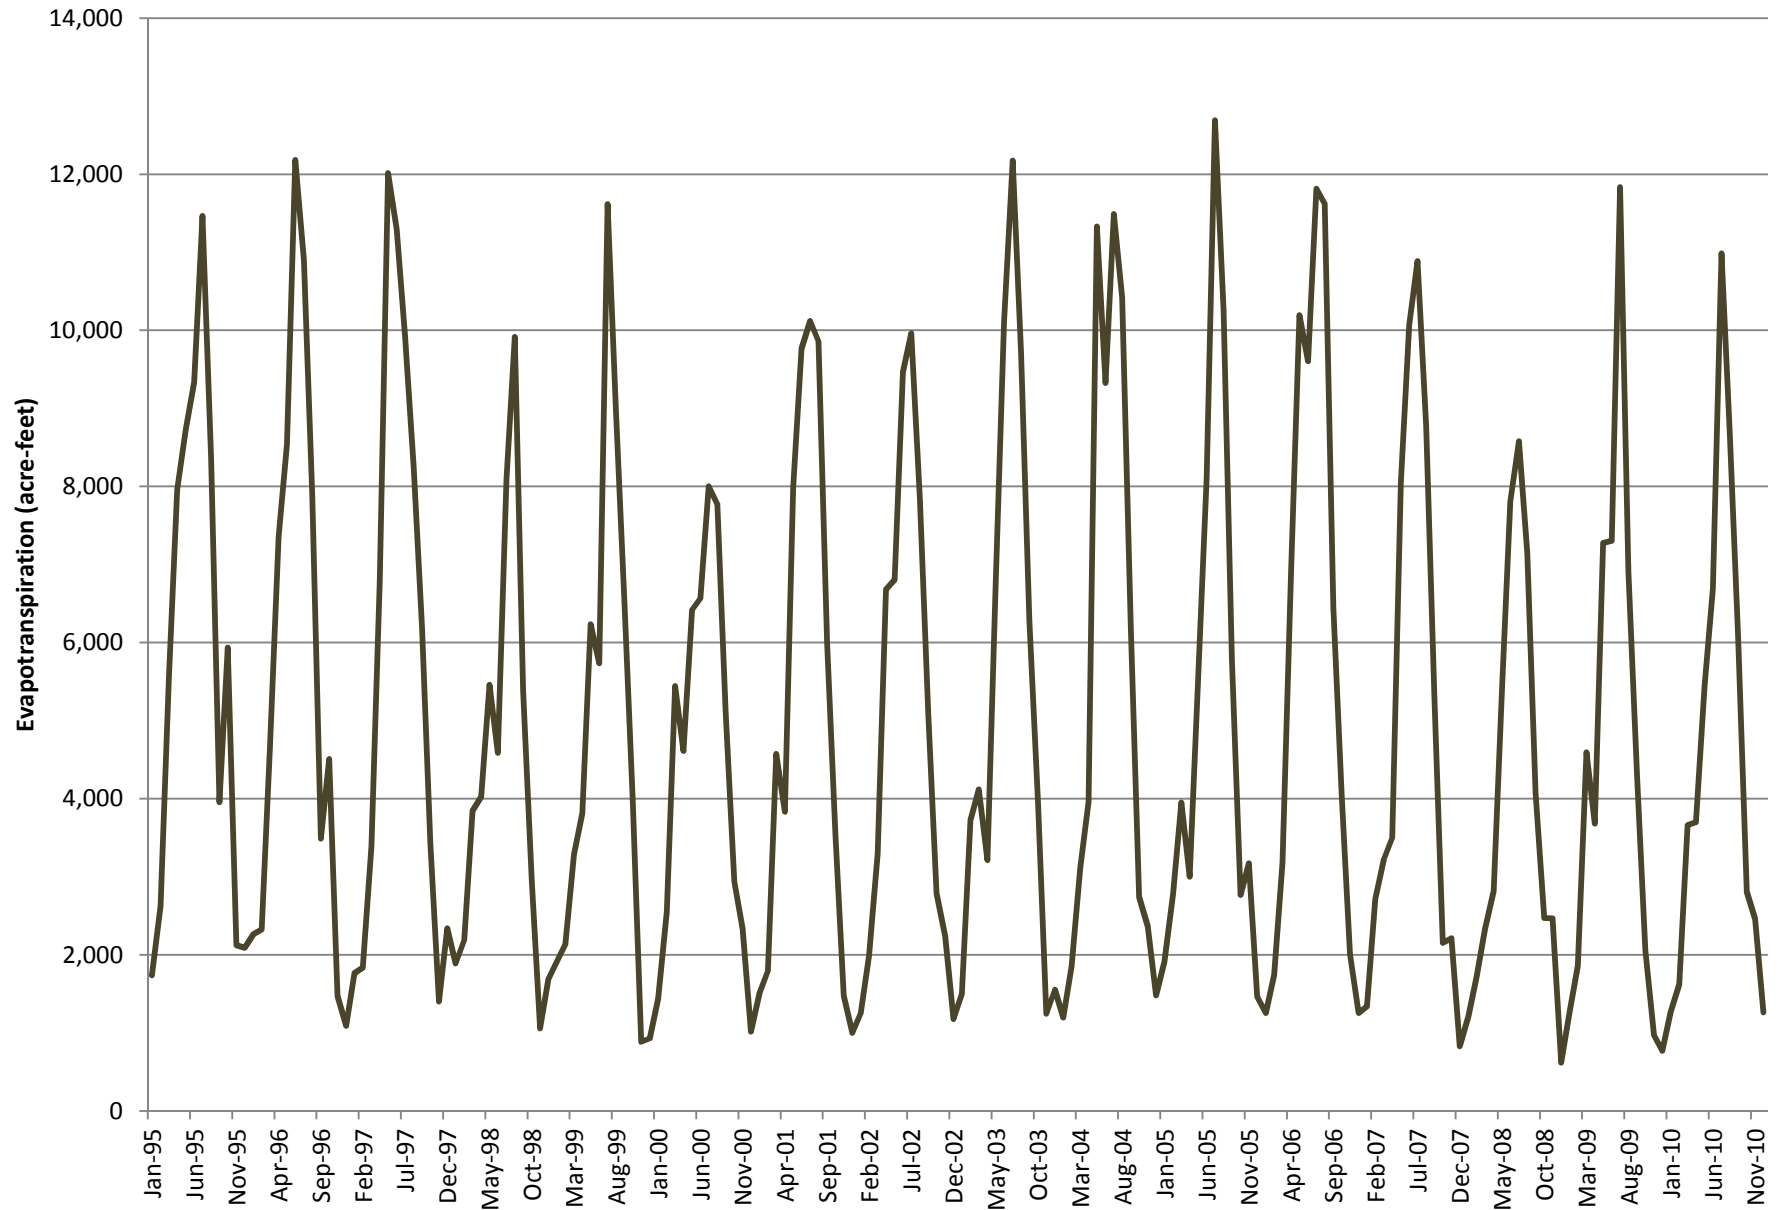

Non-Irrigated Acres

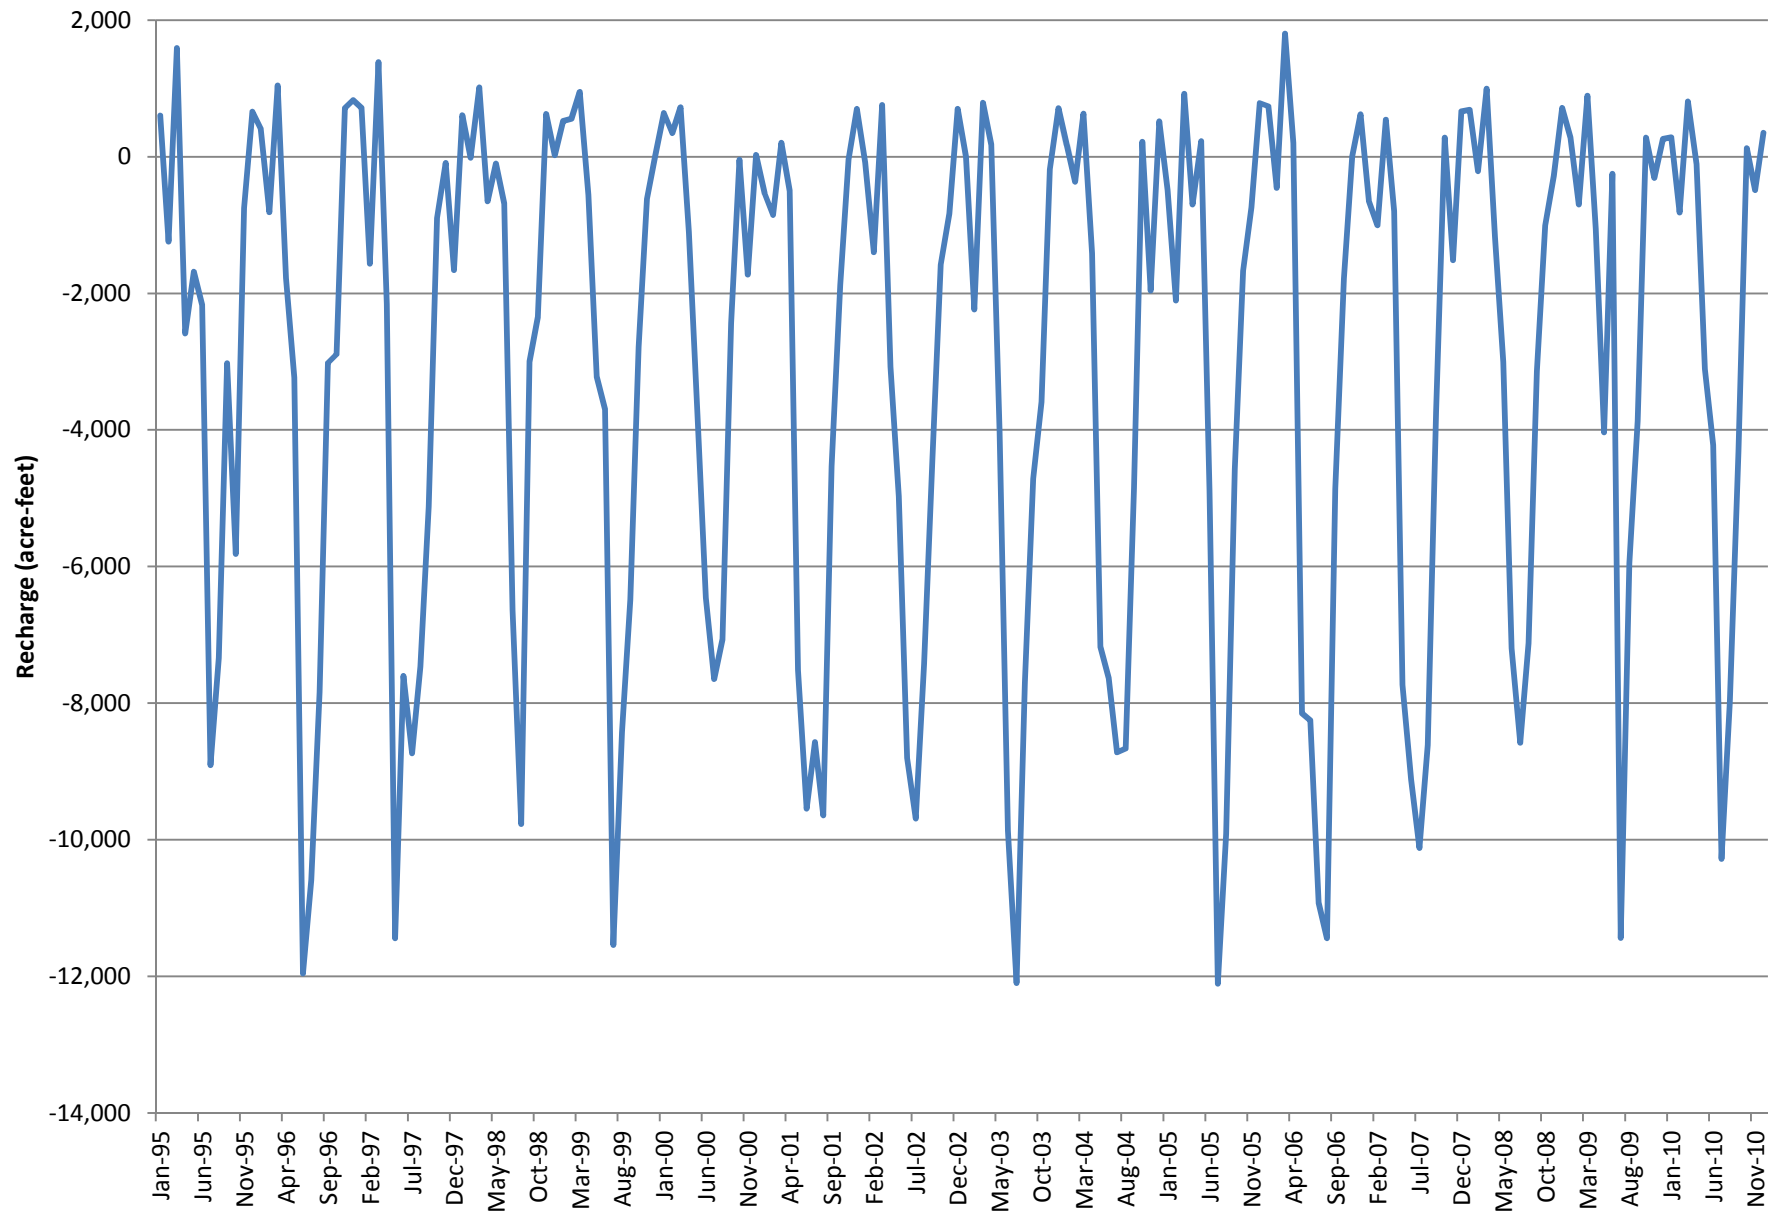

Monthly Precipitation on Non-Irrigated Land

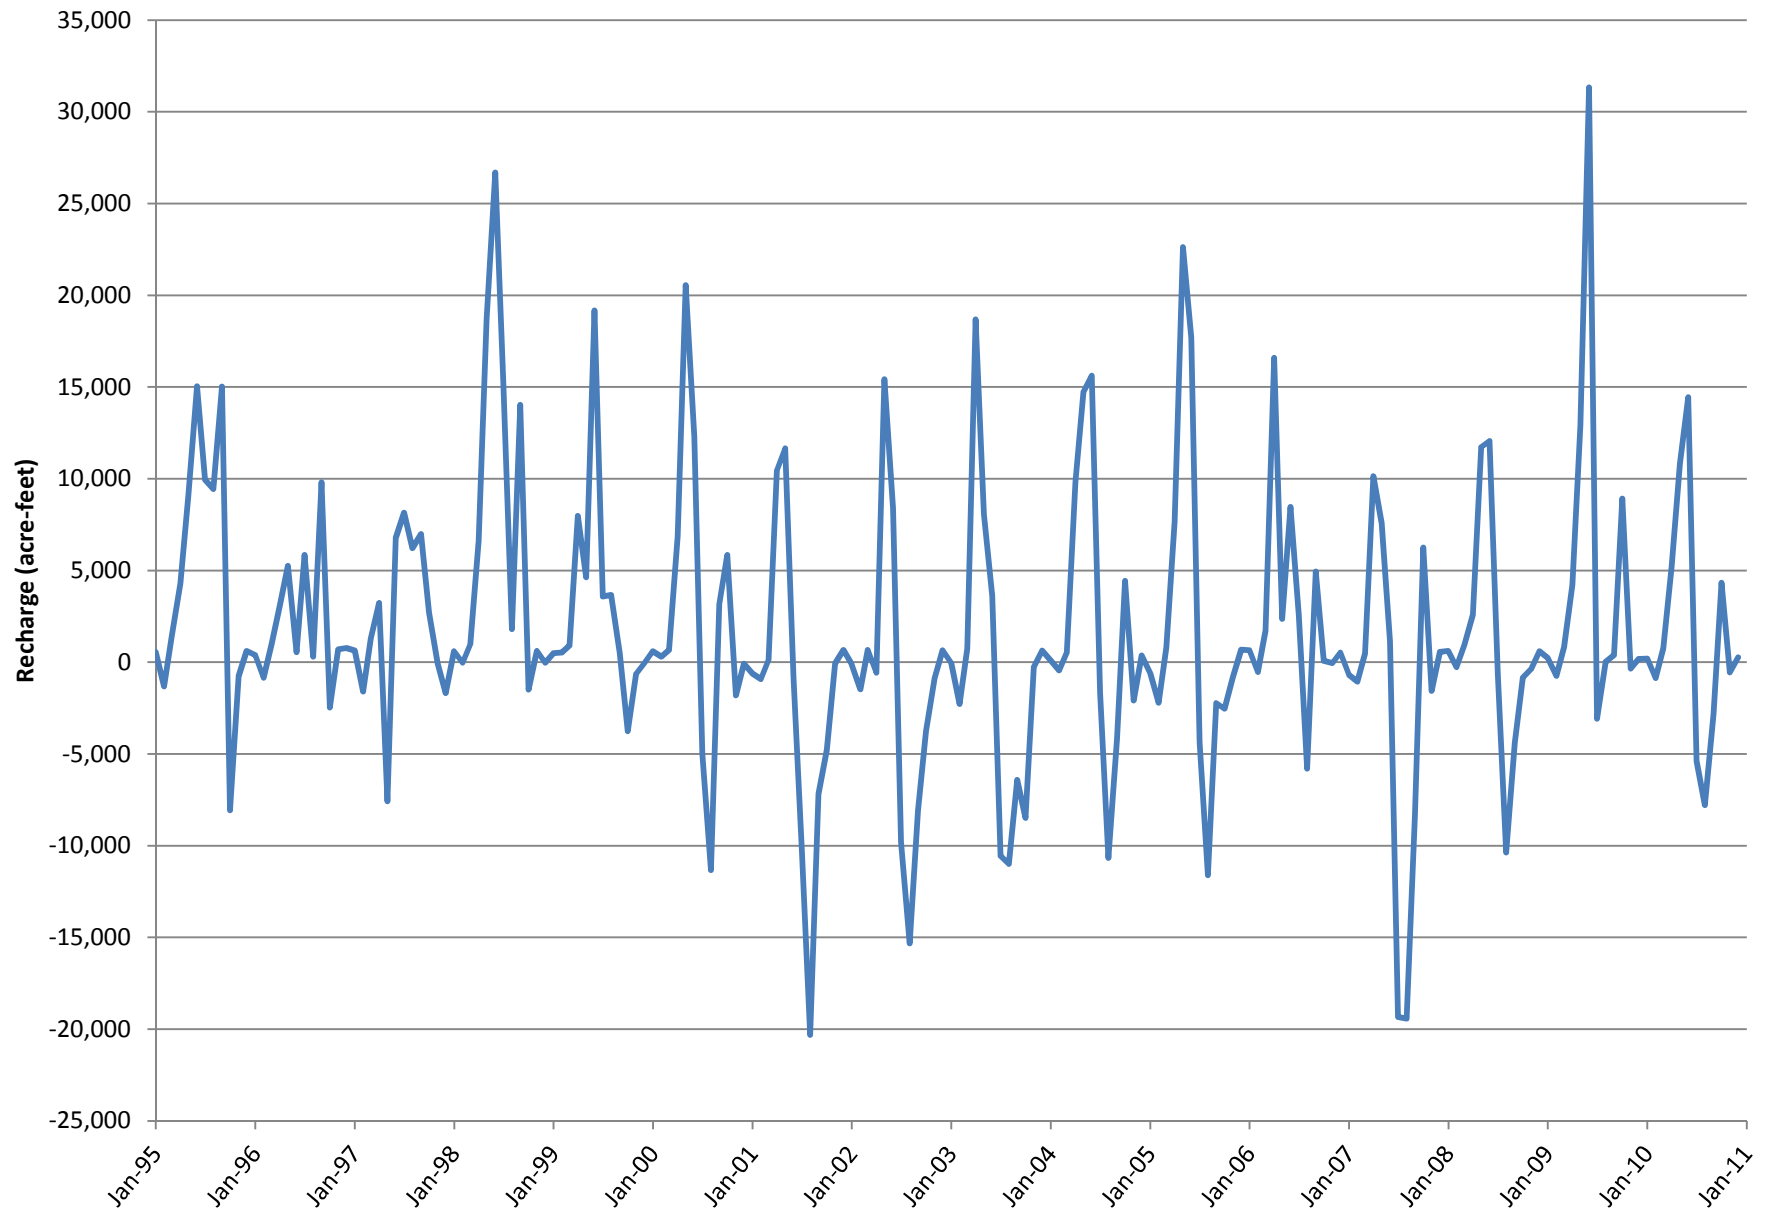

Monthly ET on Non-Irrigated Land

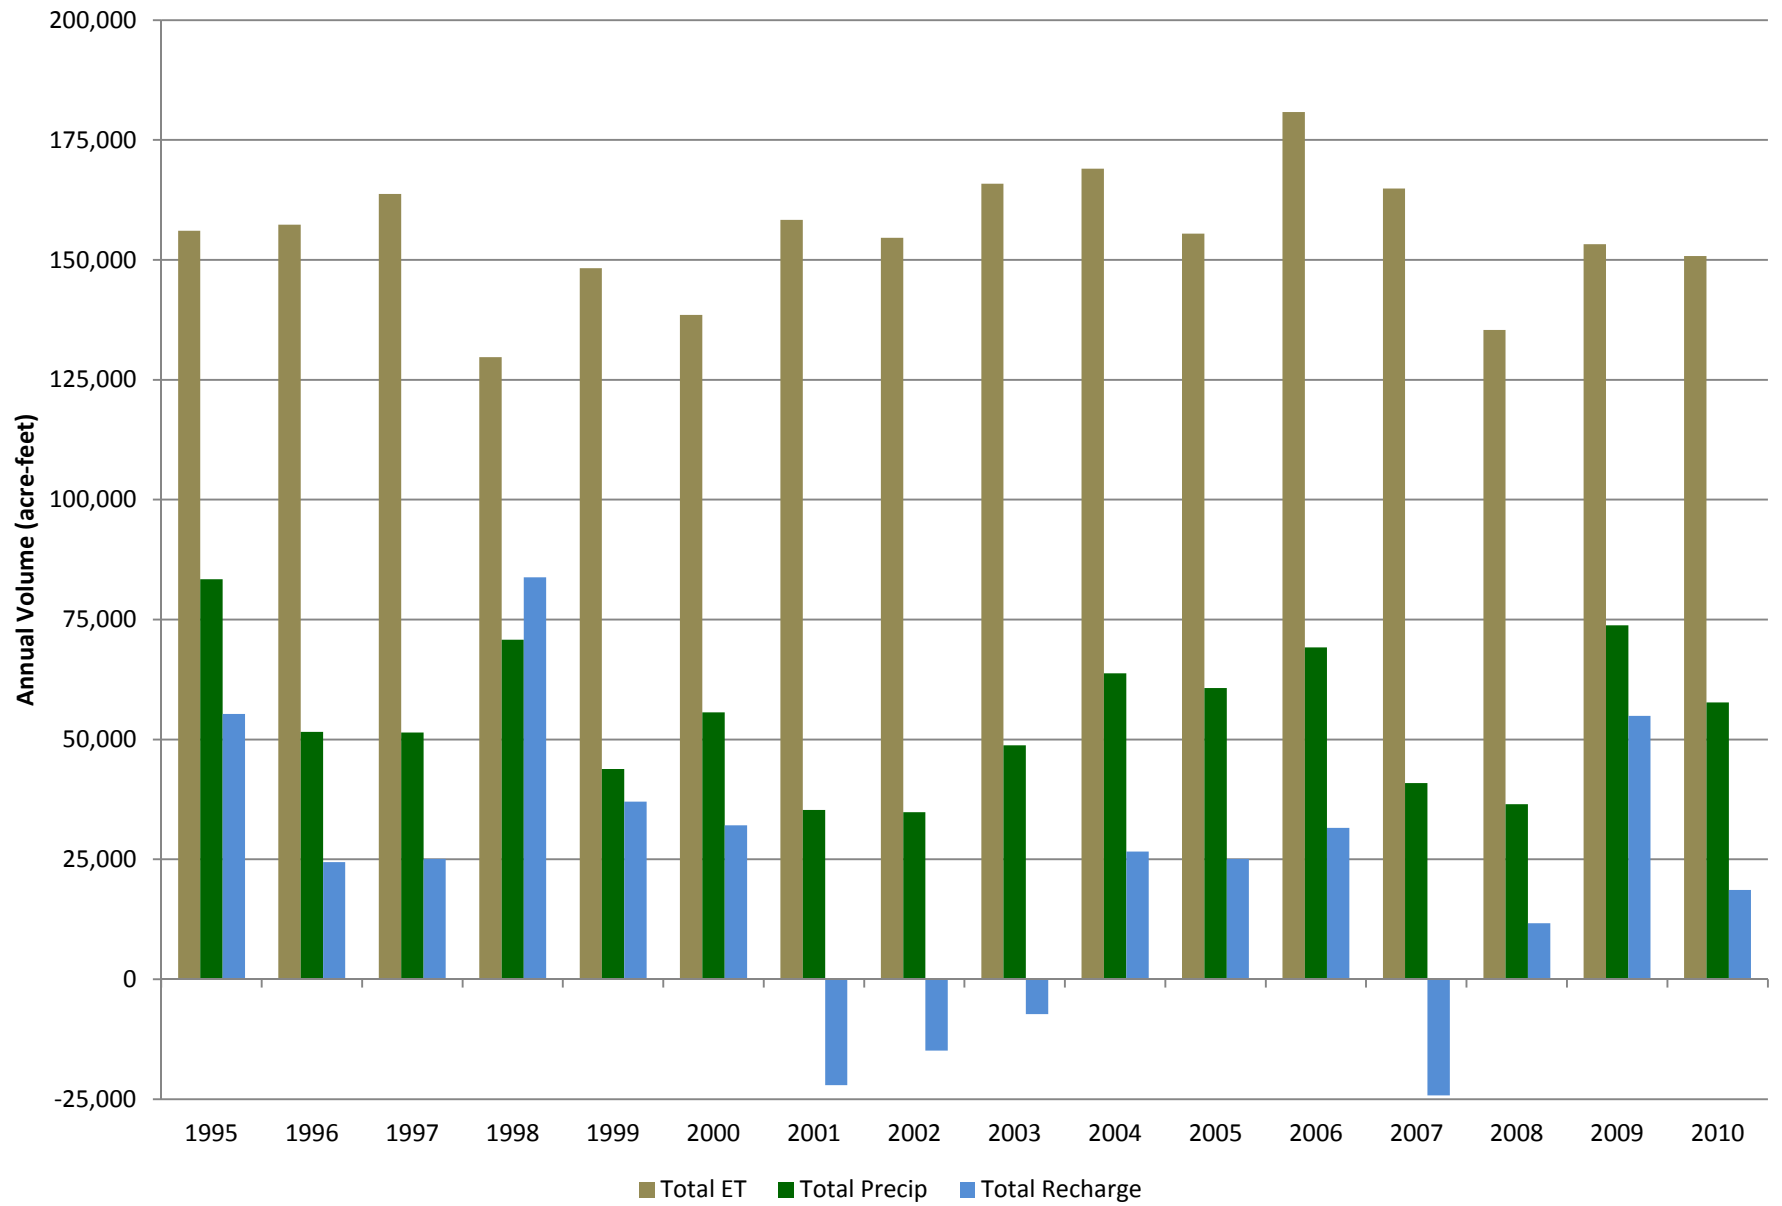

Monthly Recharge on Non-Irrigated Land

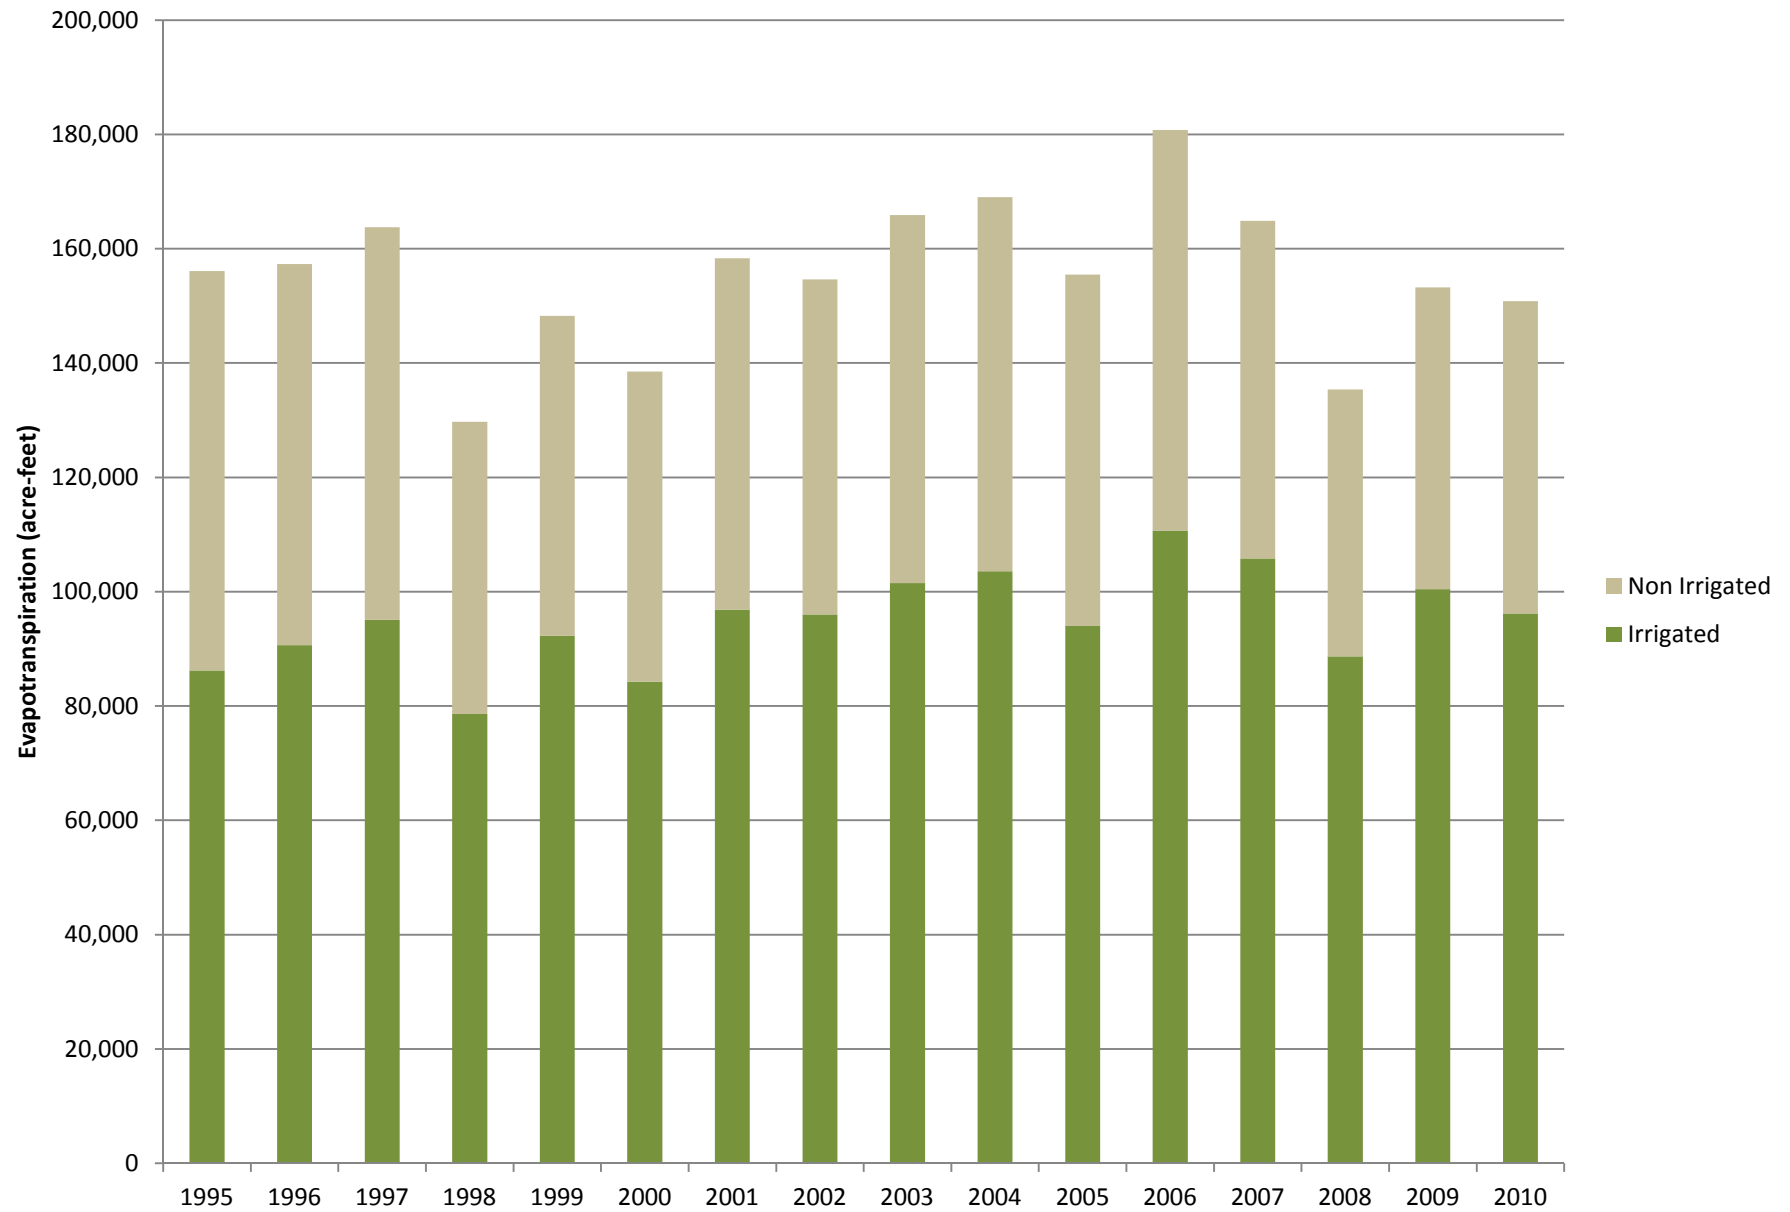

Monthly Total Areal Recharge

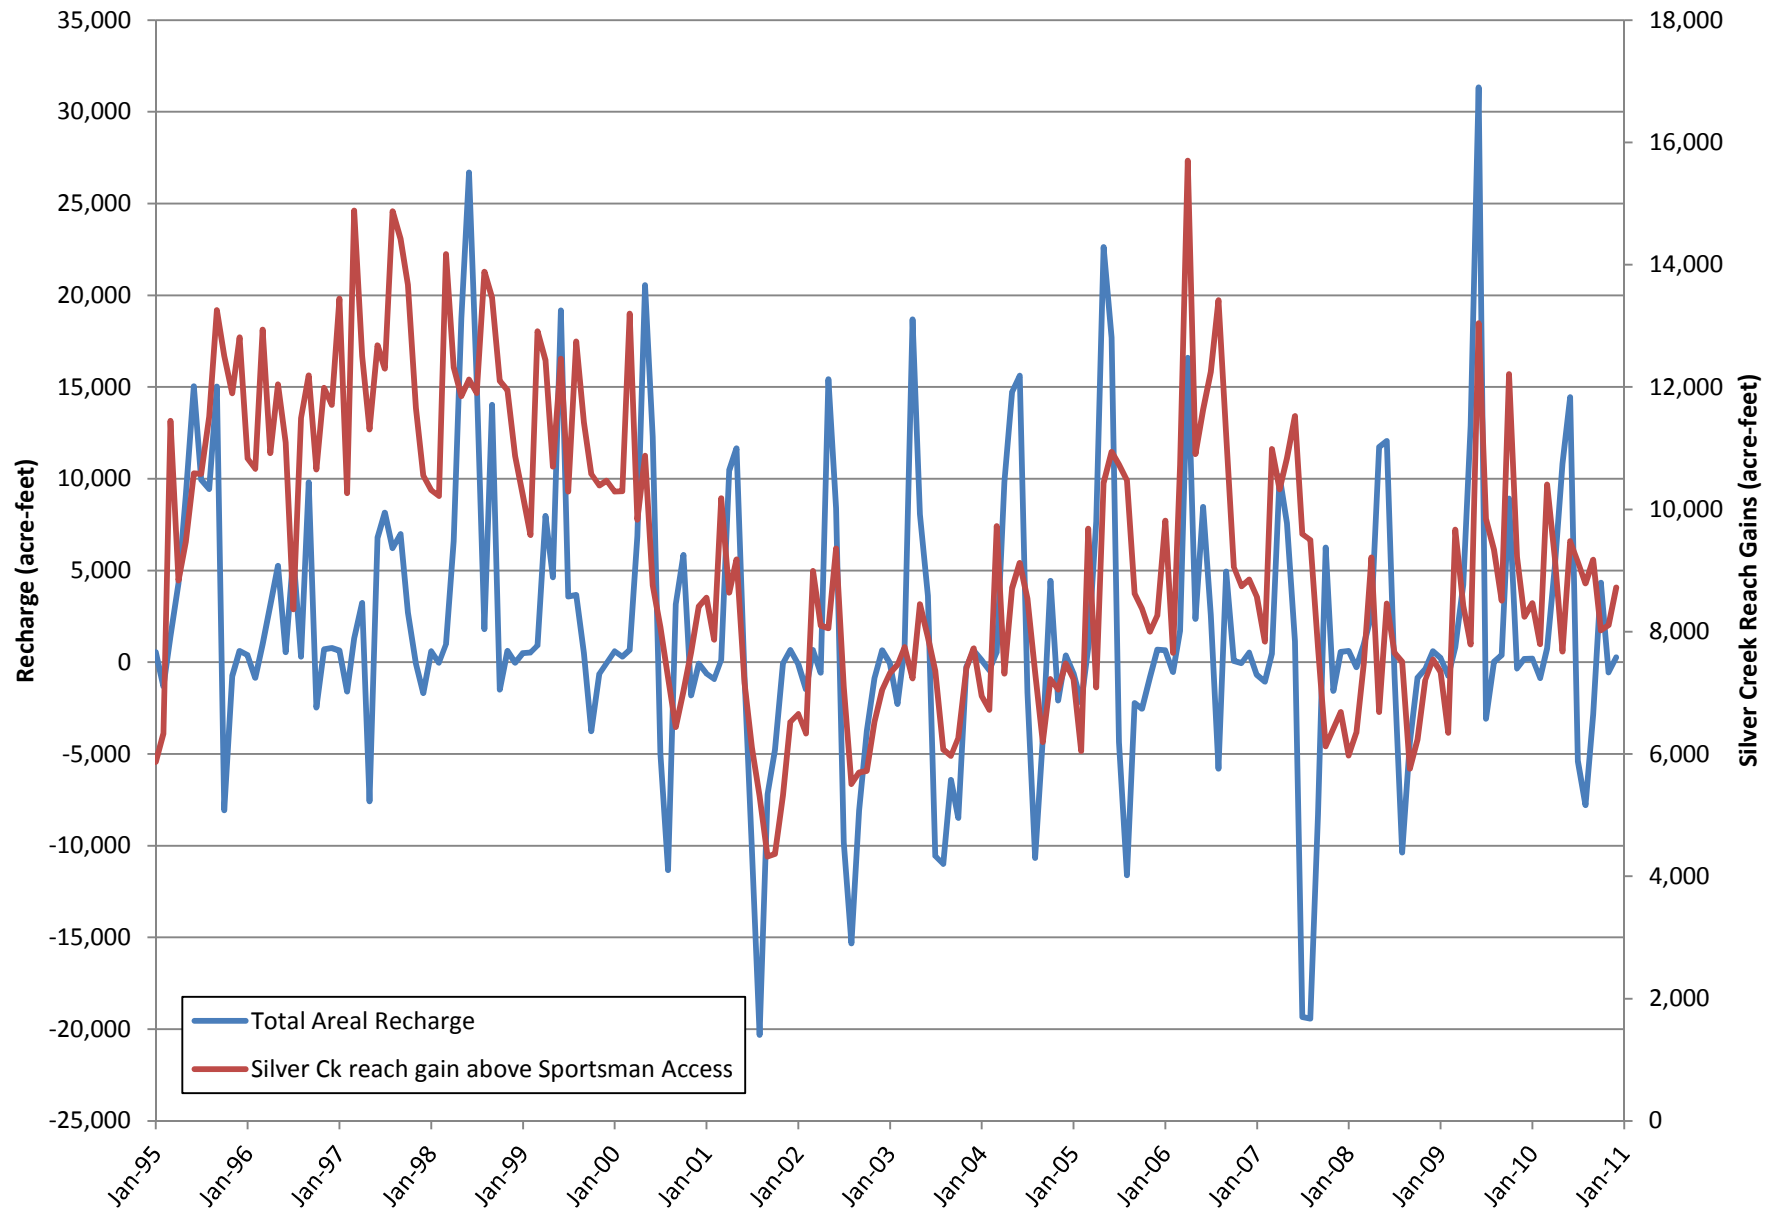

Annual ET, Precip, and Recharge - All Lands

Total Annual ET

Monthly Total Areal Recharge and Silver Creek Reach Gains

Total Annual Recharge vs. Selected Reach Gains
